INDEX TO VOLUME 142

Subject Index*

A

Abdomen
Acute surgical abdomen as presenting manifestation of Kawasaki disease (Zulian et al). 2003;142:731-5 (CLO)

Abdominal muscles
Congenital deficiency of the abdominal muscles (with associated multiple anomalies) (Weber). 2003;142:30 (50 years ago)

Abnormalities
Congenital deficiency of the abdominal muscles (with associated multiple anomalies) (Weber). 2003;142:30 (50 years ago)
Noninvasive delivery of inhaled nitric oxide therapy for late pulmonary hypertension in newborn infants with congenital diaphragmatic hernia (Kinsella et al). 2003;142:397-401
Temporal variability in birth prevalence of congenital heart defects as recorded by a general birth defects registry (Bosi et al). 2003;142:690-8
Usefulness of helical CT angiography and MRI in the diagnosis and treatment of pentalogy of Cantrell (Oka et al). 2003;142:84 (Insights)

Academic medical centers
The importance of philanthropy in sustaining pediatric academic departments (Avila and Feigin). 2003;142:457-8

Acrodynia
Acrodynia and mercury (Welch). 2003;142:272 (50 years ago)
Medical progress: pink disease (infantile acrodynia): a physiological approach (an evaluation of adrenal function and the importance of water and electrolyte metabolism) (Tominack). 2003;142:205 (50 years ago)

Acute lymphoblastic leukemia; *see* Leukemia, lymphocytic, acute

Acyl coenzyme A
Metabolic disease and sudden unexpected death (Wilcox and Steiner) (Letter); (Buchino et al) (Reply). 2003;142:357

Addison's disease
Chronic fatigue syndrome and Addison's disease (Baschetti) (Letter); (Tanaka and Lic) (Reply). 2003;142:217-8

Administration, inhalation
Are inhaled corticosteroids effective for acute exacerbations of asthma in children? (Hendeles and Sherman). 2003;142:S26-33
Noninvasive delivery of inhaled nitric oxide therapy for late pulmonary hypertension in newborn infants with congenital diaphragmatic hernia (Kinsella et al). 2003;142:397-401

Administration, oral
Randomized, double-blind, placebo-controlled trial of oral albuterol in infants with mild-to-moderate acute viral bronchiolitis (Patel et al). 2003;142:509-14

Adolescence
Abnormal glucose tolerance in cystic fibrosis: why should patients be screened? (Moran and Milla). 2003;142:97-9 (Editorial)
Abnormal weight gain and weight management: are carbohydrates the enemy? (Daniels). 2003;142:225-7 (Editorial)
Alterations in height, weight, and body mass index of newborns, children, and young adults in Eastern Germany after German reunification (Hesse et al). 2003;142:259-62
Does age play a role in recovery from sports-related concussion? A comparison of high school and collegiate athletes (Field et al). 2003;142:546-53
Effects of a low-carbohydrate diet on weight loss and cardiovascular risk factors in overweight adolescents (Sondike et al). 2003;142:253-8
Epidemic of narcotic use among school children in New York City (Fuller). 2003;142:72 (50 years ago)
Glucose intolerance in children with cystic fibrosis (Solomon et al). 2003;142:128-32
Health values of adolescents with cystic fibrosis (Yi et al). 2003;142:133-40
Letting the "gini" out of the bottle: social causation and the obesity epidemic (Goodman). 2003;142:228-30 (Editorial)
Nutritional and energetic consequences of sweetened drink consumption in 6- to 13-year-old children (Mrdjenovic and Levitsky). 2003;142:604-10
Sex hormones and the changes in adolescent male lipids: longitudinal studies in a biracial cohort (Morrison et al). 2003;142:637-42
A 16-year-old boy with purpura and leg pain (Bingham et al). 2003;142:560-3 (Grand rounds)
Soft drinks taste good, but the calories count (Schwartz). 2003;142:599-601 (Editorial)

Adrenal cortex hormones
Are inhaled corticosteroids effective for acute exacerbations of asthma in children? (Hendeles and Sherman). 2003;142:S26-33
Corticosteroids in the initial treatment of Kawasaki disease: report of a randomized trial (Sundel et al). 2003;142:611-6
Is there a role for corticosteroids in Kawasaki disease? (Shulman). 2003;142:601-3 (Editorial)
Selecting a systemic corticosteroid for acute asthma in young children (Hendeles). 2003;142:S40-4

Adrenal gland
Medical progress: pink disease (infantile acrodynia): a physiological approach (an evaluation of adrenal function and the importance of water and electrolyte metabolism) (Tominack). 2003;142:205 (50 years ago)

Adrenoleukodystrophy
Biochemical effect of intravenous arginine butyrate in X-linked adrenoleukodystrophy (McGovern et al). 2003;142:709-13

Adult height; *see* Body height

Aerobic exercise; *see* Exercise

Age factors
Age of onset in hereditary lymphedema (Levinson et al). 2003;142:704-8
Does age play a role in recovery from sports-related concussion? A comparison of high school and collegiate athletes (Field et al). 2003;142:546-53

Albuterol
Randomized, double-blind, placebo-controlled trial of oral albuterol in infants with mild-to-moderate acute viral bronchiolitis (Patel et al). 2003;142:509-14

Ambulatory care
Impact of ambulatory, family-focused teamwork intervention on glycemic control in youth with type 1 diabetes (Laffel et al). 2003;142:409-16

American Heart Association
American Heart Association guidelines for primary prevention of atherosclerotic cardiovascular disease beginning in childhood (Kavey et al). 2003;142:368-72

Anastomosis, surgical
Intestinal resection in infants (Cohran and Kocoshis). 2003;142:497 (50 years ago)

Anemia, sickle cell
DNA diagnosis confirms hemoglobin deletion in newborn screen follow-up (Bhardwaj et al). 2003;142:346-8 (CLO)
Thrombosis and gangrene in a patient with sickle cell disease and dactylitis (Michaels et al). 2003;142:449 (Insights)

Angiography
Usefulness of helical CT angiography and MRI in the diagnosis and treatment of pentalogy of Cantrell (Oka et al). 2003;142:84 (Insights)

Anthropometry
Chest development in early childhood (Waring). 2003;142:683 (50 years ago)

*January, pp. 1-88; February, pp. 89-218; March, pp. 219-358; April, pp. 359-456; May, pp. 457-596; June, pp. 597-768.

Pubertal maturation in girls and the relationship to anthropometric changes: pathways through puberty (Biro et al). 2003;142:643-6

Antibiotics
Choice of an antibiotic: an interpretive review (Green). 2003;142:408 (50 years ago)
Congenital deficiency of the abdominal muscles (with associated multiple anomalies) (Weber). 2003;142:30 (50 years ago)
Intrapartum antibiotics and neonatal invasive infections caused by organisms other than group B *Streptococcus* (Sinha et al). 2003;142:492-7

Antibodies
Hepatitis C virus infection associated with liver-kidney microsomal antibody type 1 (LKM1) autoantibodies in children (Bortolotti et al). 2003;142:185-90
Immunization and atopic disease (Havinga) (Letter); (Perzanowski and Platts-Mills) (Reply). 2003;142:450-1

Anticoagulants
Surgical restoration of portal flow corrects procoagulant and anticoagulant deficiencies associated with extrahepatic portal vein thrombosis (Mack et al). 2003;142:197-9 (CLO)

Antidepressive agents
Follow-up of children of depressed mothers exposed or not exposed to antidepressant drugs during pregnancy (Casper et al). 2003;142:402-8

Antioxidants
Glutathione metabolism and antioxidant enzymes in children with Down syndrome (Pastore et al). 2003;142:583-5 (CLO)

Anxiety
Pain, anxiety, distress, and suffering: interrelated, but not interchangeable (Berde and Wolfe). 2003;142:361-3 (Editorial)
Rapid increase of morphine and benzodiazepine usage in the last three days of life in children with cancer is related to neuropathic pain (Dougherty and DeBaun). 2003;142:373-6

Aorta, abnormalities
Turner syndrome with complex mosaic monosomy and structural aorta anomalies (Tissières et al). 2003;142:341 (Insights)

Arginase
Arginase deficiency with lethal neonatal expression: evidence for the glutamine hypothesis of cerebral edema (Picker et al). 2003;142:349-52 (CLO)

Arginine
Biochemical effect of intravenous arginine butyrate in X-linked adrenoleukodystrophy (McGovern et al). 2003;142:709-13

Arteries
Syndrome of anomalous left coronary artery (Strauss). 2003;142:636 (50 years ago)

Arthritis, juvenile rheumatoid
Natural killer cell dysfunction in patients with systemic-onset juvenile rheumatoid arthritis and macrophage activation syndrome (Grom et al). 2003;142:292-6

Asphyxia neonatorum
Evaluating resuscitation practices on the basis of evidence: the findings at first glance may seem illogical (Kattwinkel). 2003;142:221-2 (Editorial)
Oxidative stress in asphyxiated term infants resuscitated with 100% oxygen (Vento et al). 2003;142:240-6

Asthma
Are inhaled corticosteroids effective for acute exacerbations of asthma in children? (Hendeles and Sherman). 2003;142:S26-33
Clinical patterns and natural history of asthma (Weinberger). 2003;142:S15-20
Consensus statement from a conference on treatment of viral respiratory infection-induced asthma in young children (Weinberger). 2003;142:S45-6
Exhaled nitric oxide: a useful aide in pediatric asthma management? (Lierl). 2003;142:461-2 (Editorial)
Growth and bone density in children with mild-moderate asthma: a cross-sectional study in children entering the Childhood Asthma Management Program (CAMP) (Kelly et al). 2003;142:286-91
Immunization and atopic disease (Havinga) (Letter); (Perzanowski and Platts-Mills) (Reply). 2003;142:450-1
Limitations of maintenance therapy for viral respiratory infection-induced asthma (Doull). 2003;142:S21-5
Mechanisms of virus-induced asthma (Gern). 2003;142:S9-14
Proceedings from the Consensus Conference on treatment of viral respiratory infection-induced asthma in young children: introduction (Weinberger). 2003;142:S1
Relations between exhaled nitric oxide and measures of disease activity among children with mild-to-moderate asthma (Covar et al). 2003;142:469-75
Selecting a systemic corticosteroid for acute asthma in young children (Hendeles). 2003;142:S40-4
Training of aerobic and anaerobic fitness in children with asthma (Counil et al). 2003;142:179-84
Treatment strategies for viral respiratory infection-induced asthma (Weinberger). 2003;142:S34-9
Viruses and asthma: inception, exacerbation, and possible prevention (Lemanske). 2003;142:S3-8

Atherosclerosis
American Heart Association guidelines for primary prevention of atherosclerotic cardiovascular disease beginning in childhood (Kavey et al). 2003;142:368-72

Atopic dermatitis; *see* Dermatitis, atopic

Atopy patch test; *see* Patch tests

Attitude
Parents' attitudes to children's participation in randomized controlled trials (Caldwell et al). 2003;142:554-9

Auditory brain response; *see* Evoked potentials, auditory, brain stem

Autoantibodies
Hepatitis C virus infection associated with liver-kidney microsomal antibody type 1 (LKM1) autoantibodies in children (Bortolotti et al). 2003;142:185-90
Incidence and spectrum of neonatal lupus erythematosus: a prospective study of infants born to mothers with anti-Ro autoantibodies (Cimaz et al). 2003;142:678-83

Autosomal abnormalities; *see* Chromosome abnormalities

B

Banthine
The use of banthine bromide in infantile pylorospasm. Report of 9 cases with X-ray study (Putnam). 2003;142:689 (50 years ago)

Bartter syndrome
Transient neonatal hyperkalemia in the antenatal (ROMK defective) Bartter syndrome (Finer et al). 2003;142:318-23

Beckwith-Wiedemann syndrome
Hypercalciuria in Beckwith-Wiedemann syndrome (Goldman et al). 2003;142:206-8 (CLO)

Behavior disorders; *see* Mental disorders

Benadryl; *see* Histamine H1 receptor blockaders

Benzodiazepines
Pain, anxiety, distress, and suffering: interrelated, but not interchangeable (Berde and Wolfe). 2003;142:361-3 (Editorial)
Rapid increase of morphine and benzodiazepine usage in the last three days of life in children with cancer is related to neuropathic pain (Dougherty and DeBaun). 2003;142:373-6

Beverages
Nutritional and energetic consequences of sweetened drink consumption in 6- to 13-year-old children (Mrdjenovic and Levitsky). 2003;142:604-10
Soft drinks taste good, but the calories count (Schwartz). 2003;142:599-601 (Editorial)

Biliary atresia
Cholangitis after hepatic portoenterostomy for biliary atresia: a multivariate analysis of risk factors (van Heurn et al). 2003;142:566-71 (CLO)

Bilirubin
How to avoid kernicterus (Newman and Maisels) (Letter); (Poland) (Reply); (Johnson and Bhutani) (Reply). 2003;142:212-5

Serum bilirubin levels in the newborn infant (Dennery). 2003;142:309 (50 years ago)

Biochemical markers

Biochemical effect of intravenous arginine butyrate in X-linked adrenoleukodystrophy (McGovern et al). 2003;142:709-13

Biochemical indicator for evaluation of connective tissue abnormalities in Menkes' disease (Kodama et al). 2003;142:726-8 (CLO)

Biracial cohort; *see* Race factors

Birth defects; *see* Abnormalities

Blood aspiration syndrome

Blood aspiration syndrome as a cause of respiratory distress in the newborn infant (Gordon et al). 2003;142:200-2 (CLO)

Blood coagulation

Changes in blood coagulation factors during the first weeks of life (Journeycake). 2003;142:416 (50 years ago)

Surgical restoration of portal flow corrects procoagulant and anticoagulant deficiencies associated with extrahepatic portal vein thrombosis (Mack et al). 2003;142:197-9 (CLO)

Blood component transfusion

Packed red blood cell transfusions for critically ill pediatric patients: when and for what conditions? (Bratton and Annich). 2003;142:95-7 (Editorial)

Pediatric red blood cell transfusions increase resource use (Goodman et al). 2003;142:123-7

Blood flow velocity

Altered myocardial flow reserve and endothelial function late after Kawasaki disease (Furuyama et al). 2003;142:149-54

A method for the measurement of cerebral blood flow in infants and children (Perlman). 2003;142:480 (50 years ago)

Surgical restoration of portal flow corrects procoagulant and anticoagulant deficiencies associated with extrahepatic portal vein thrombosis (Mack et al). 2003;142:197-9 (CLO)

Blood pressure elevation; *see* Hypertension

Blood sedimentation

A study of the erythrocyte sedimentation rate for well children (Long). 2003;142:267 (50 years ago)

Blood transfusion

Umbilical cord blood transplantation in Wiskott Aldrich syndrome (Knutsen et al). 2003;142:519-23

Body composition

Improving body composition and physical activity in Prader-Willi syndrome (Eiholzer et al). 2003;142:73-8

Body height

Adult height after cranial irradiation for optic pathway tumors: relationship with neurofibromatosis (Huguenin et al). 2003;142:699-703

Alterations in height, weight, and body mass index of newborns, children, and young adults in Eastern Germany after German reunification (Hesse et al). 2003;142:259-62

Growth restriction in children with type B Niemann-Pick disease (Wasserstein et al). 2003;142:424-8

Letting the "gini" out of the bottle: social causation and the obesity epidemic (Goodman). 2003;142:228-30 (Editorial)

Body mass index

Alterations in height, weight, and body mass index of newborns, children, and young adults in Eastern Germany after German reunification (Hesse et al). 2003;142:259-62

Letting the "gini" out of the bottle: social causation and the obesity epidemic (Goodman). 2003;142:228-30 (Editorial)

Body weight

Alterations in height, weight, and body mass index of newborns, children, and young adults in Eastern Germany after German reunification (Hesse et al). 2003;142:259-62

Letting the "gini" out of the bottle: social causation and the obesity epidemic (Goodman). 2003;142:228-30 (Editorial)

Bone density

Growth and bone density in children with mild-moderate asthma: a cross-sectional study in children entering the Childhood Asthma Management Program (CAMP) (Kelly et al). 2003;142:286-91

Brain

The ambiguous role of nitric oxide in the developing brain (Hoehn et al) (Letter); (Sola et al) (Reply). 2003;142:215-7

A method for the measurement of cerebral blood flow in infants and children (Perlman). 2003;142:480 (50 years ago)

Brain concussion

Does age play a role in recovery from sports-related concussion? A comparison of high school and collegiate athletes (Field et al). 2003;142:546-53

Brain edema

Arginase deficiency with lethal neonatal expression: evidence for the glutamine hypothesis of cerebral edema (Picker et al). 2003;142:349-52 (CLO)

Breast-feeding

Hypovitaminosis D and vitamin D deficiency in exclusively breast-feeding infants and their mothers in summer: a justification for vitamin D supplementation of breast-feeding infants (Dawodu et al). 2003;142:169-73

Visual function in breast-fed term infants weaned to formula with or without long-chain polyunsaturates at 4 to 6 months: a randomized clinical trial (Hoffman et al). 2003;142:669-77

Who is breast-feeding? Recent trends from the Pregnancy Risk Assessment and Monitoring System (Ahluwalia et al). 2003;142:486-91

Who is NOT breast-feeding and why (Moore and Wimbery) (Letter); (Hall) (Reply). 2003;142:737

Breathing; *see* Respiration

Bromides

The use of banthine bromide in infantile pylorospasm. Report of 9 cases with X-ray study (Putnam). 2003;142:689 (50 years ago)

Bronchiolitis, viral

Randomized, double-blind, placebo-controlled trial of oral albuterol in infants with mild-to-moderate acute viral bronchiolitis (Patel et al). 2003;142:509-14

Butyrates

Biochemical effect of intravenous arginine butyrate in X-linked adrenoleukodystrophy (McGovern et al). 2003;142:709-13

C

Calcium

Hypercalciuria in Beckwith-Wiedemann syndrome (Goldman et al). 2003;142:206-8 (CLO)

Lactose hydrolysis and calcium absorption in premature feeding (Vento and Moya). 2003;142:738 (Letter)

Serum calcium and inorganic phosphate in the newborn infant, and their relations to different feedings (Tsang and Namgung). 2003;142:434 (50 years ago)

Calories

Nutritional and energetic consequences of sweetened drink consumption in 6- to 13-year-old children (Mrdjenovic and Levitsky). 2003;142:604-10

Soft drinks taste good, but the calories count (Schwartz). 2003;142:599-601 (Editorial)

Cancer; *see* Neoplasms

Candida

Time to positive culture results in neonatal *Candida* septicemia (Schelonka and Moser). 2003;142:564-5 (CLO)

Carbohydrates

Abnormal weight gain and weight management: are carbohydrates the enemy? (Daniels). 2003;142:225-7 (Editorial)

Effects of a low-carbohydrate diet on weight loss and cardiovascular risk factors in overweight adolescents (Sondike et al). 2003;142:253-8

Cardiopulmonary bypass

Effect of cardiopulmonary bypass on urea cycle intermediates and nitric oxide levels after congenital heart surgery (Barr et al). 2003;142:26-30

Syndrome of anomalous left coronary artery (Strauss). 2003;142:636 (50 years ago)

Cardiovascular diseases
Abnormal weight gain and weight management: are carbohydrates the enemy? (Daniels). 2003;142:225-7 (Editorial)
American Heart Association guidelines for primary prevention of atherosclerotic cardiovascular disease beginning in childhood (Kavey et al). 2003;142:368-72
Effects of a low-carbohydrate diet on weight loss and cardiovascular risk factors in overweight adolescents (Sondike et al). 2003;142:253-8
Carvedilol
Digoxin–carvedilol interactions in children (Ratnapalan et al). 2003;142:572-4 (CLO)
Catheterization
Midazolam syrup as a premedication to reduce the discomfort associated with pediatric intravenous catheter insertion (McErlean et al). 2003;142:429-30 (CLO)
Pain, anxiety, distress, and suffering: interrelated, but not interchangeable (Berde and Wolfe). 2003;142:361-3 (Editorial)
Catheterization, peripheral
Peripherally inserted central catheter (PICC) fracture and embolization in the pediatric population (Chow et al). 2003;142:141-4
CD40; *see* Ligands
Cells
Maternal cell microchimerism in newborn tissues (Srivatsa et al). 2003;142:31-5
So you think your mother is always looking over your shoulder?—she may be *in* your shoulder! (Hall). 2003;142:233-4 (Editorial)
Cerebral edema; *see* Brain edema
Chest; *see* Thorax
Child, preschool
Measuring a toddler's mouthful: toxicologic considerations (Ratnapalan et al). 2003;142:729-30 (CLO)
Omigosh, not home sleep studies! (Kemp). 2003;142:364-5 (Editorial)
Prevalence of habitual snoring and sleep-disordered breathing in preschool-aged children in an Italian community (Castronovo et al). 2003;142:377-82
Child development
Catch-up growth of head circumference of very low birth weight, small for gestational age preterm infants and mental development to adulthood (Brandt et al). 2003;142:463-8
The challenge pays off: early enhanced nutritional intake for VLBW small-for-gestation neonates improves long-term outcome (Vohr and McKinley). 2003;142:459-61 (Editorial)
Childhood Asthma Management Program
Growth and bone density in children with mild-moderate asthma: a cross-sectional study in children entering the Childhood Asthma Management Program (CAMP) (Kelly et al). 2003;142:286-91
Children's hospitals; *see* Hospitals, pediatric
Chimera
Maternal cell microchimerism in newborn tissues (Srivatsa et al). 2003;142:31-5
So you think your mother is always looking over your shoulder?—she may be *in* your shoulder! (Hall). 2003;142:233-4 (Editorial)
Cholangitis
Cholangitis after hepatic portoenterostomy for biliary atresia: a multivariate analysis of risk factors (van Heurn et al). 2003;142:566-71 (CLO)
Cholecystectomy
Gallstone composition: are children different? (Stringer et al). 2003;142:435-40 (CLO)
Cholelithiasis
Gallstone composition: are children different? (Stringer et al). 2003;142:435-40 (CLO)
Cholestasis
Evidence for genetic heterogeneity in lymphedema-cholestasis syndrome (Frühwirth et al). 2003;142:441-7 (CLO)
Chromosome abnormalities
A new mutation causing autosomal dominant periodic fever syndrome in a Danish family (Weyhreter et al). 2003;142:191-3 (CLO)
Parathyroid function and growth in 22q11.2 deletion syndrome (Brauner et al). 2003;142:504-8
Chronic fatigue syndrome; *see* Fatigue syndrome, chronic
Cicatrix
Day- and night-time blood pressure elevation in children with higher grades of renal scarring (Patzer et al). 2003;142:117-22
While you were sleeping... (Portman). 2003;142:93-5 (Editorial)
Cocaine
The Maternal Lifestyle Study (MLS): effects of prenatal cocaine and/or opiate exposure on auditory brain response at one month (Lester et al). 2003;142:279-85
Cognition
No evidence of interaction between PCBs and critical developmental factors (Silkworth et al) (Letter); (Vreugdenhil et al) (Reply). 2003;142:593-4
Relation between pain and self-injurious behavior in nonverbal children with severe cognitive impairments (Breau et al). 2003;142:498-503
Commentary
Commentary. 2003;142:102-12
Concussion; *see* Brain concussion
Congenital diseases; *see* Abnormalities
Congenital heart defects; *see* Heart defects, congenital
Conjunctival neoplasms
Conjunctival mass: an unusual presentation of acute lymphoblastic leukemia relapse in childhood (Campagnoli et al). 2003;142:211 (Insights)
Connective tissue diseases
Biochemical indicator for evaluation of connective tissue abnormalities in Menkes' disease (Kodama et al). 2003;142:726-8 (CLO)
Cord blood; *see* Fetal blood
Coronary artery; *see* Arteries
Corrections
Growth hormone for small-for-gestational-age children: short and sweet? (Silverstein and Shulman) (2003;142:91-2). 2003;142:447
Newborn screening with tandem mass spectrometry: examining its cost-effectiveness in the Wisconsin Newborn Screening Panel (Insinga et al) (2002;141:524-31). 2003;142:56
Correspondence; *see also* Letters
Corticosteroids; *see* Adrenal cortex hormones
Costs and cost analysis
Analysis of the costs of diagnosing cystic fibrosis with a newborn screening program (Lee et al). 2003;142:617-23
How to avoid kernicterus (Newman and Maisels) (Letter); (Poland) (Reply); (Johnson and Bhutani) (Reply). 2003;142:212-5
Cow's milk allergy; *see* Milk hypersensitivity
Cranial irradiation
Adult height after cranial irradiation for optic pathway tumors: relationship with neurofibromatosis (Huguenin et al). 2003;142:699-703
Critical illness
Packed red blood cell transfusions for critically ill pediatric patients: when and for what conditions? (Bratton and Annich). 2003;142:95-7 (Editorial)
Pediatric red blood cell transfusions increase resource use (Goodman et al). 2003;142:123-7
Cross infection
Excretion of serotype G1 rotavirus strains by asymptomatic staff: a possible source of nosocomial infection (Barnes et al). 2003;142:722-5 (CLO)
Cryptosporidium parvum
Disseminated *Cryptosporidium* infection in an infant with hyper-IgM syndrome caused by CD40 deficiency (Kutukculer et al). 2003;142:194-6 (CLO)
CT; *see* Tomography
Cystic fibrosis
Abnormal glucose tolerance in cystic fibrosis: why should patients be screened? (Moran and Milla). 2003;142:97-9 (Editorial)

Analysis of the costs of diagnosing cystic fibrosis with a newborn screening program (Lee et al). 2003;142:617-23
Chest development in early childhood (Waring). 2003;142:683 (50 years ago)
Differences in resting energy expenditure between male and female children with cystic fibrosis (Allen et al). 2003;142:15-9
Gender, death and cystic fibrosis: is energy expenditure a component? (Stallings). 2003;142:4-6 (Editorial)
Glucose intolerance in children with cystic fibrosis (Solomon et al). 2003;142:128-32
Health values of adolescents with cystic fibrosis (Yi et al). 2003;142:133-40
Improved survival among young patients with cystic fibrosis (Kulich et al). 2003;142:631-6
Montelukast pharmacokinetics in cystic fibrosis (Graff et al). 2003;142:53-6

Cytochrome c oxidase
The effect of short-term dimethylglycine treatment on oxygen consumption in cytochrome oxidase deficiency: a double-blind randomized crossover clinical trial (Liet et al). 2003;142:62-6

D

Dactylitis; *see* Hand

Death
Differences in resting energy expenditure between male and female children with cystic fibrosis (Allen et al). 2003;142:15-9
Gender, death and cystic fibrosis: is energy expenditure a component? (Stallings). 2003;142:4-6 (Editorial)

Death, sudden
Metabolic disease and sudden unexpected death (Wilcox and Steiner) (Letter); (Buchino et al) (Reply). 2003;142:357

Deglutition
Functional disorders of the larynx in early infancy (Albers and Kemp). 2003;142:401 (50 years ago)
The maturation and coordination of sucking, swallowing, and respiration in preterm infants (Mizuno and Ueda). 2003;142:36-40

Deletion, gene; *see* Gene deletion

Denmark
A new mutation causing autosomal dominant periodic fever syndrome in a Danish family (Weyhreter et al). 2003;142:191-3 (CLO)

Dental abnormalities; *see* Tooth, abnormalities

Depression
Follow-up of children of depressed mothers exposed or not exposed to antidepressant drugs during pregnancy (Casper et al). 2003;142:402-8

Dermatitis
Temporary tattoo dermatitis (Leggiadro et al). 2003;142:586 (Insights)

Dermatitis, atopic
Safety and efficacy of nonsteroid pimecrolimus cream 1% in the treatment of atopic dermatitis in infants (Ho et al). 2003;142:155-62

Developmental outcome; *see* Neurologic manifestations

Diabetes, gestational
Electrophysiologic evidence of impaired cross-modal recognition memory in 8-month-old-infants of diabetic mothers (Nelson et al). 2003;142:575-82 (CLO)

Diabetes mellitus, insulin-dependent
Electrophysiologic evidence of impaired cross-modal recognition memory in 8-month-old-infants of diabetic mothers (Nelson et al). 2003;142:575-82 (CLO)
Human insulin-induced lipoatrophy (Felner). 2003;142:448 (Insights)
Impact of ambulatory, family-focused teamwork intervention on glycemic control in youth with type 1 diabetes (Laffel et al). 2003;142:409-16
Interactions between hypoglycemia and sleep architecture in children with type 1 diabetes mellitus (Pillar et al). 2003;142:163-8

Diabetes mellitus, lipoatrophic
Human insulin-induced lipoatrophy (Felner). 2003;142:448 (Insights)

Diacetylmorphine
Epidemic of narcotic use among school children in New York City (Fuller). 2003;142:72 (50 years ago)

Diagnosis
Usefulness of helical CT angiography and MRI in the diagnosis and treatment of pentalogy of Cantrell (Oka et al). 2003;142:84 (Insights)

Diamond-Blackfan anemia; *see* Fanconi's anemia

Diaphragmatic hernia; *see* Hernia, diaphragmatic

Diarrhea
Vitamin A supplementation and childhood morbidity from diarrhea and respiratory infections: a meta-analysis (Grotto et al). 2003;142:297-304

Diet
Abnormal weight gain and weight management: are carbohydrates the enemy? (Daniels). 2003;142:225-7 (Editorial)
Effects of a low-carbohydrate diet on weight loss and cardiovascular risk factors in overweight adolescents (Sondike et al). 2003;142:253-8

Digestion
The atopy patch test for detection of cow's milk allergy with digestive symptoms (de Boissieu et al). 2003;142:203-5 (CLO)

Digoxin
Digoxin–carvedilol interactions in children (Ratnapalan et al). 2003;142:572-4 (CLO)

Dimethylglycine
The effect of short-term dimethylglycine treatment on oxygen consumption in cytochrome oxidase deficiency: a double-blind randomized crossover clinical trial (Liet et al). 2003;142:62-6

Distress; *see* Stress

DNA
The potential of DNA microarrays for the care of children (Bates). 2003;142:235-9

DNA mutational analysis
DNA diagnosis confirms hemoglobin deletion in newborn screen follow-up (Bhardwaj et al). 2003;142:346-8 (CLO)
Indication for genetic testing: a checklist for Rett syndrome (Huppke et al). 2003;142:332-5
Molecular analysis in Turner syndrome (Álvarez-Nava et al). 2003;142:336-40

Dose-response relationship, drug
A comparison of three vitamin A dosing regimens in extremely-low-birth-weight infants (Ambalavanan et al). 2003;142:656-61
Treatment of symptomatic pediatric osteoporosis with cyclic single-day intravenous pamidronate infusions (Steelman and Zeitler). 2003;142:417-23

Down syndrome
Glutathione metabolism and antioxidant enzymes in children with Down syndrome (Pastore et al). 2003;142:583-5 (CLO)

Drooling; *see* Sialorrhea

Drug interactions
Digoxin–carvedilol interactions in children (Ratnapalan et al). 2003;142:572-4 (CLO)

Drug resistance, microbial
Choice of an antibiotic: an interpretive review (Green). 2003;142:408 (50 years ago)

Drug tolerance
Pharmacokinetics and tolerance of zidovudine in preterm infants (Capparelli et al). 2003;142:47-52

Dyslexia
Mirror and reversed reading (Accardo). 2003;142:154 (50 years ago)

E

Ear
More on ear/kidney abnormalities (Kohelet et al) (Letter); (Kugelman and Bader) (Reply). 2003;142:454-6

Echocardiography, child
Can diagnostic evaluations to "rule out" endocarditis be improved? (Saiman). 2003;142:230-1 (Editorial)
Does assessment of pretest probability of disease improve the utility of echocardiography in suspected endocarditis in children? (Michelfelder et al). 2003;142:263-7

Editorials
Abnormal glucose tolerance in cystic fibrosis: why should patients be screened? (Moran and Milla). 2003;142:97-9
Abnormal weight gain and weight management: are carbohydrates the enemy? (Daniels). 2003;142:225-7
Can diagnostic evaluations to "rule out" endocarditis be improved? (Saiman). 2003;142:230-1
The challenge pays off: early enhanced nutritional intake for VLBW small-for-gestation neonates improves long-term outcome (Vohr and McKinley). 2003;142:459-61
Evaluating resuscitation practices on the basis of evidence: the findings at first glance may seem illogical (Kattwinkel). 2003;142:221-2
Exhaled nitric oxide: a useful aide in pediatric asthma management? (Lierl). 2003;142:461-2
Gender, death and cystic fibrosis: is energy expenditure a component? (Stallings). 2003;142:4-6
Getting the lead out: can iron help? (McGeehin). 2003;142:3-4
Growth hormone for small-for-gestational-age children: short and sweet? (Silverstein and Shulman). 2003;142:91-2. Correction 2003;142:447
Is there a role for corticosteroids in Kawasaki disease? (Shulman). 2003;142:601-3
Letting the "gini" out of the bottle: social causation and the obesity epidemic (Goodman). 2003;142:228-30
Measuring energy expenditure in preterm and unstable infants (Thureen). 2003;142:366-7
Neurologic and developmental morbidity in children with complex congenital heart disease (Wernovsky and Newburger). 2003;142:6-8
Omigosh, not home sleep studies! (Kemp). 2003;142:364-5
Packed red blood cell transfusions for critically ill pediatric patients: when and for what conditions? (Bratton and Annich). 2003;142:95-7
Pain, anxiety, distress, and suffering: interrelated, but not interchangeable (Berde and Wolfe). 2003;142:361-3
Relief for the (missed) blue baby blues? (Hannon). 2003;142:231-3
The revolution in molecular biology leads to new understanding of the clinical expression of immunodeficiencies (John and Schreiber). 2003;142:99-101
So you think your mother is always looking over your shoulder?—she may be *in* your shoulder! (Hall). 2003;142:233-4
Soft drinks taste good, but the calories count (Schwartz). 2003;142:599-601
Surfactant metabolism in newborns—insights from imprecise measurements (Jobe). 2003;142:223-4
While you were sleeping... (Portman). 2003;142:93-5

Education
Who is NOT breast-feeding and why (Moore and Wimbery) (Letter); (Hall) (Reply). 2003;142:737

Electrolytes
Medical progress: pink disease (infantile acrodynia): a physiological approach (an evaluation of adrenal function and the importance of water and electrolyte metabolism) (Tominack). 2003;142:205 (50 years ago)

Electrophysiology
Electrophysiologic evidence of impaired cross-modal recognition memory in 8-month-old-infants of diabetic mothers (Nelson et al). 2003;142:575-82 (CLO)

Embolism
Peripherally inserted central catheter (PICC) fracture and embolization in the pediatric population (Chow et al). 2003;142:141-4

Encephalitis
The use of the electrophrenic respirator in the management of respiratory difficulty in post measles encephalitis (Green). 2003;142:491 (50 years ago)

End-stage renal disease; *see* Kidney failure, chronic

Endocarditis, bacterial
Can diagnostic evaluations to "rule out" endocarditis be improved? (Saiman). 2003;142:230-1 (Editorial)
Does assessment of pretest probability of disease improve the utility of echocardiography in suspected endocarditis in children? (Michelfelder et al). 2003;142:263-7

Endothelium
Altered myocardial flow reserve and endothelial function late after Kawasaki disease (Furuyama et al). 2003;142:149-54

Energy metabolism
Differences in resting energy expenditure between male and female children with cystic fibrosis (Allen et al). 2003;142:15-9
Gender, death and cystic fibrosis: is energy expenditure a component? (Stallings). 2003;142:4-6 (Editorial)
Is there a role for corticosteroids in Kawasaki disease? (Shulman). 2003;142:601-3 (Editorial)
Longitudinal study of energy expenditure in preterm neonates <30 weeks' gestation during the first three postnatal weeks (Bauer et al). 2003;142:390-6
Measuring energy expenditure in preterm and unstable infants (Thureen). 2003;142:366-7 (Editorial)
Nutritional and energetic consequences of sweetened drink consumption in 6- to 13-year-old children (Mrdjenovic and Levitsky). 2003;142:604-10

Enteral nutrition
Enteral glutamine supplementation and morbidity in low-birth-weight infants (Vaughn et al). 2003;142:662-8

Enuresis
Enuresis in children with sleep apnea (Brooks and Topol). 2003;142:515-8

Enzymes
Glutathione metabolism and antioxidant enzymes in children with Down syndrome (Pastore et al). 2003;142:583-5 (CLO)

Equipment failure
Peripherally inserted central catheter (PICC) fracture and embolization in the pediatric population (Chow et al). 2003;142:141-4

Erythroblastosis, fetal
Deficient prothrombin and fibrinogen in fatal erythroblastosis fetalis (Buchanan). 2003;142:162 (50 years ago)

Erythrocyte sedimentation; *see* Blood sedimentation

Erythrocytes
Red cell and plasma plant sterols are related during consumption of plant stanol and sterol ester spreads in children with hypercholesterolemia (Ketomäki et al). 2003;142:524-31

Erythropoietin
Urinary losses of recombinant erythropoietin in preterm infants (Bührer et al). 2003;142:452-3 (Letter)

Esters
Red cell and plasma plant sterols are related during consumption of plant stanol and sterol ester spreads in children with hypercholesterolemia (Ketomäki et al). 2003;142:524-31

Ethics
Do healthy children deserve greater protection in medical research? (Ross). 2003;142:108-12 (Commentary)
Informed consent for pediatric research: is it really possible? (Kodish). 2003;142:89-90
When do the federal regulations allow placebo-controlled trials in children? (Miller et al). 2003;142:102-7 (Commentary)

Evoked potentials, auditory, brain stem
The Maternal Lifestyle Study (MLS): effects of prenatal cocaine and/or opiate exposure on auditory brain response at one month (Lester et al). 2003;142:279-85
Excretion; *see* Feces
Exercise
Improving body composition and physical activity in Prader-Willi syndrome (Eiholzer et al). 2003;142:73-8
Training of aerobic and anaerobic fitness in children with asthma (Counil et al). 2003;142:179-84
Extracorporeal membrane oxygenation
Surfactant metabolism in newborns—insights from imprecise measurements (Jobe). 2003;142:223-4 (Editorial)
Surfactant phosphatidylcholine pool size in human neonates with congenital diaphragmatic hernia requiring ECMO (Janssen et al). 2003;142:247-52

F

Family
Impact of ambulatory, family-focused teamwork intervention on glycemic control in youth with type 1 diabetes (Laffel et al). 2003;142:409-16
Fanconi's anemia
Growth hormone deficiency caused by pituitary stalk interruption in Diamond-Blackfan anemia (Leblanc et al). 2003;142:358 (Letter)
Fatigue syndrome, chronic
Chronic fatigue syndrome and Addison's disease (Baschetti) (Letter); (Tanaka and Lic) (Reply). 2003;142:217-8
Fatty acids
Metabolic disease and sudden unexpected death (Wilcox and Steiner) (Letter); (Buchino et al) (Reply). 2003;142:357
Mitochondrial trifunctional protein deficiency: a severe fatty acid oxidation disorder with cardiac and neurologic involvement (den Boer et al). 2003;142:684-9
Fatty acids, unsaturated
Visual function in breast-fed term infants weaned to formula with or without long-chain polyunsaturates at 4 to 6 months: a randomized clinical trial (Hoffman et al). 2003;142:669-77
Feces
Excretion of serotype G1 rotavirus strains by asymptomatic staff: a possible source of nosocomial infection (Barnes et al). 2003;142:722-5 (CLO)
Federal regulations; *see* Government
Federation of Pediatric Organizations
Commentary: Federation of Pediatric Organizations implementing the FOPE II recommendations (Behrman). 2003;142:597-8
Feeding methods
Lactose hydrolysis and calcium absorption in premature feeding (Vento and Moya). 2003;142:738 (Letter)
Serum calcium and inorganic phosphate in the newborn infant, and their relations to different feedings (Tsang and Namgung). 2003;142:434 (50 years ago)
Females
Pubertal maturation in girls and the relationship to anthropometric changes: pathways through puberty (Biro et al). 2003;142:643-6
Fetal blood
Maternal cell microchimerism in newborn tissues (Srivatsa et al). 2003;142:31-5
So you think your mother is always looking over your shoulder?—she may be *in* your shoulder! (Hall). 2003;142:233-4 (Editorial)
Umbilical cord blood transplantation in Wiskott Aldrich syndrome (Knutsen et al). 2003;142:519-23
Fetus, drug effects
Follow-up of children of depressed mothers exposed or not exposed to antidepressant drugs during pregnancy (Casper et al). 2003;142:402-8
Fever
Fever and respiratory distress in an 8-year-old boy receiving therapy for acute lymphoblastic leukemia (Weitzman et al).2003;142:714-21 (Grand rounds)
A new mutation causing autosomal dominant periodic fever syndrome in a Danish family (Weyhreter et al). 2003;142:191-3 (CLO)
Fibrinogen
Deficient prothrombin and fibrinogen in fatal erythroblastosis fetalis (Buchanan). 2003;142:162 (50 years ago)
Fibrous dysplasia, polyostotic
Is McCune-Albright syndrome overlooked in subjects with fibrous dysplasia of bone? (Hannon et al). 2003;142:532-8
Fibrous dysplasia of bone
Is McCune-Albright syndrome overlooked in subjects with fibrous dysplasia of bone? (Hannon et al). 2003;142:532-8
Fitness, physical; *see* Physical fitness
Flow, blood; *see* Blood flow velocity
Forced expiratory volume
Clinical patterns and natural history of asthma (Weinberger). 2003;142:S15-20
Foreign bodies
Pitfalls in the approach of foreign body ingestion: significance of drooling (Galli-Tsinopoulou et al). 2003;142:736 (Insights)
Formula, infant; *see* Infant food
Fracture, catheter; *see* Equipment failure
Fund raising
The importance of philanthropy in sustaining pediatric academic departments (Avila and Feigin). 2003;142:457-8
Future of Pediatric Education II
Commentary: Federation of Pediatric Organizations implementing the FOPE II recommendations (Behrman). 2003;142:597-8

G

Gallstones; *see* Cholelithiasis
Gangrene
Thrombosis and gangrene in a patient with sickle cell disease and dactylitis (Michaels et al). 2003;142:449 (Insights)
Gastroenterology
Efficacy of telephone teaching of conservative therapy for infants with symptomatic gastroesophageal reflux referred by pediatricians to pediatric gastroenterologists (Shalaby and Orenstein). 2003;142:57-61
Gastroesophageal reflux
Efficacy of telephone teaching of conservative therapy for infants with symptomatic gastroesophageal reflux referred by pediatricians to pediatric gastroenterologists (Shalaby and Orenstein). 2003;142:57-61
Gastrointestinal diseases
Excretion of serotype G1 rotavirus strains by asymptomatic staff: a possible source of nosocomial infection (Barnes et al). 2003;142:722-5 (CLO)
Gaucher's disease
A patient with type 2 Gaucher's disease with respiratory disease (Shebani et al). 2003;142:209-10 (CLO)
Gender; *see* Sex
Gene deletion
Parathyroid function and growth in 22q11.2 deletion syndrome (Brauner et al). 2003;142:504-8
Gene expression
The potential of DNA microarrays for the care of children (Bates). 2003;142:235-9
Genetic testing; *see* DNA mutational analysis
Genetics
Evidence for genetic heterogeneity in lymphedema-cholestasis syndrome (Frühwirth et al). 2003;142:441-7 (CLO)
Genome
The potential of DNA microarrays for the care of children (Bates). 2003;142:235-9

Germany
Alterations in height, weight, and body mass index of newborns, children, and young adults in Eastern Germany after German reunification (Hesse et al). 2003;142:259-62
Letting the "gini" out of the bottle: social causation and the obesity epidemic (Goodman). 2003;142:228-30 (Editorial)
Gestational age
Neurologic examination of preterm infants at term age: comparison with term infants (Mercuri et al). 2003;142:647-55
Girls; *see* Females
Glucose
Impact of ambulatory, family-focused teamwork intervention on glycemic control in youth with type 1 diabetes (Laffel et al). 2003;142:409-16
Glucose tolerance test
Abnormal glucose tolerance in cystic fibrosis: why should patients be screened? (Moran and Milla). 2003;142:97-9 (Editorial)
Glucose intolerance in children with cystic fibrosis (Solomon et al). 2003;142:128-32
Glutamine
Arginase deficiency with lethal neonatal expression: evidence for the glutamine hypothesis of cerebral edema (Picker et al). 2003;142:349-52 (CLO)
Enteral glutamine supplementation and morbidity in low-birth-weight infants (Vaughn et al). 2003;142:662-8
Glutathione
Glutathione metabolism and antioxidant enzymes in children with Down syndrome (Pastore et al). 2003;142:583-5 (CLO)
Government
Do healthy children deserve greater protection in medical research? (Ross). 2003;142:108-12 (Commentary)
When do the federal regulations allow placebo-controlled trials in children? (Miller et al). 2003;142:102-7 (Commentary)
Grand rounds
Grand rounds. 2003;142:342-5, 560-3, 714-21
Group B *Streptococcus*; *see Streptococcus agalactiae*
Growth
Cycled light and growth of preterms (Robison) (Letter); (Brandon et al) (Reply). 2003;142:451-2
Growth and bone density in children with mild-moderate asthma: a cross-sectional study in children entering the Childhood Asthma Management Program (CAMP) (Kelly et al). 2003;142:286-91
Growth and nutritional indexes in early life predict pulmonary function in cystic fibrosis (Konstan et al). 2003;142:624-30
Growth disorders
Growth hormone for small-for-gestational-age children: short and sweet? (Silverstein and Shulman). 2003;142:91-2 (Editorial). Correction 2003;142:447
Growth restriction in children with type B Niemann-Pick disease (Wasserstein et al). 2003;142:424-8
Parathyroid function and growth in 22q11.2 deletion syndrome (Brauner et al). 2003;142:504-8
Reduced insulin sensitivity during growth hormone therapy for short children born small for gestational age (Cutfield et al). 2003;142:113-6
Growth hormone; *see* Somatotropin
Guidelines
American Heart Association guidelines for primary prevention of atherosclerotic cardiovascular disease beginning in childhood (Kavey et al). 2003;142:368-72
Guillain-Barré syndrome; *see* Polyradiculoneuritis

H

Hand
Thrombosis and gangrene in a patient with sickle cell disease and dactylitis (Michaels et al). 2003;142:449 (Insights)
Head
Catch-up growth of head circumference of very low birth weight, small for gestational age preterm infants and mental development to adulthood (Brandt et al). 2003;142:463-8
The challenge pays off: early enhanced nutritional intake for VLBW small-for-gestation neonates improves long-term outcome (Vohr and McKinley). 2003;142:459-61 (Editorial)
Health personnel
Excretion of serotype G1 rotavirus strains by asymptomatic staff: a possible source of nosocomial infection (Barnes et al). 2003;142:722-5 (CLO)
Health planning guidelines
Commentary: Federation of Pediatric Organizations implementing the FOPE II recommendations (Behrman). 2003;142:597-8
Health resources
Packed red blood cell transfusions for critically ill pediatric patients: when and for what conditions? (Bratton and Annich). 2003;142:95-7 (Editorial)
Pediatric red blood cell transfusions increase resource use (Goodman et al). 2003;142:123-7
Health status
Health values of adolescents with cystic fibrosis (Yi et al). 2003;142:133-40
Hearing tests
Newborn hearing screening: tobramycin and vancomycin are not risk factors for hearing loss (de Hoog et al). 2003;142:41-6
Heart defects, congenital
Developmental outcome of patients with hypoplastic left heart syndrome treated with heart transplantation (Ikle et al). 2003;142:20-5
Effect of cardiopulmonary bypass on urea cycle intermediates and nitric oxide levels after congenital heart surgery (Barr et al). 2003;142:26-30
Mitochondrial trifunctional protein deficiency: a severe fatty acid oxidation disorder with cardiac and neurologic involvement (den Boer et al). 2003;142:684-9
Neurologic and developmental morbidity in children with complex congenital heart disease (Wernovsky and Newburger). 2003;142:6-8 (Editorial)
Relief for the (missed) blue baby blues? (Hannon). 2003;142:231-3 (Editorial)
Syndrome of anomalous left coronary artery (Strauss). 2003;142:636 (50 years ago)
Temporal variability in birth prevalence of congenital heart defects as recorded by a general birth defects registry (Bosi et al). 2003;142:690-8
The use of pulse oximetry to detect congenital heart disease (Reich et al). 2003;142:268-72
Heart surgery
Effect of cardiopulmonary bypass on urea cycle intermediates and nitric oxide levels after congenital heart surgery (Barr et al). 2003;142:26-30
Heart transplantation
Developmental outcome of patients with hypoplastic left heart syndrome treated with heart transplantation (Ikle et al). 2003;142:20-5
Neurologic and developmental morbidity in children with complex congenital heart disease (Wernovsky and Newburger). 2003;142:6-8 (Editorial)
Height; *see* Body height
Hemarthrosis
The use of hyaluronidase in the treatment of acute hemophilic hemarthrosis (Abshire). 2003;142:340 (50 years ago)
Hematuria
An 8-year-old boy with recurrent macroscopic hematuria, weight loss, and kidney failure (Kemper et al). 2003;142:342-5 (Grand rounds)
Heme
Zinc protoporphyrin/heme as an indicator of iron status in NICU patients (Juul et al). 2003;142:273-8
Hemoglobins
DNA diagnosis confirms hemoglobin deletion in newborn screen follow-up (Bhardwaj et al). 2003;142:346-8 (CLO)

Hemolytic uremic syndrome
Severe deficiency of the specific von Willebrand factor-cleaving protease (ADAMTS 13) activity in a subgroup of children with atypical hemolytic uremic syndrome (Veyradier et al). 2003;142:310-7
Hemophilia
The use of hyaluronidase in the treatment of acute hemophilic hemarthrosis (Abshire). 2003;142:340 (50 years ago)
Henna
Temporary tattoo dermatitis (Leggiadro et al). 2003;142:586 (Insights)
Hepatic portoenterostomy; *see* Portoenterostomy, hepatic
Hepatitis A
Infectious hepatitis in childhood, with a special consideration of "progressive hepatitis" (Chang). 2003;142:698 (50 years ago)
Hepatitis C virus
Hepatitis C virus infection associated with liver-kidney microsomal antibody type 1 (LKM1) autoantibodies in children (Bortolotti et al). 2003;142:185-90
Hereditary diseases
Age of onset in hereditary lymphedema (Levinson et al). 2003;142:704-8
Hernia, diaphragmatic
Noninvasive delivery of inhaled nitric oxide therapy for late pulmonary hypertension in newborn infants with congenital diaphragmatic hernia (Kinsella et al). 2003;142:397-401
Surfactant metabolism in newborns—insights from imprecise measurements (Jobe). 2003;142:223-4 (Editorial)
Surfactant phosphatidylcholine pool size in human neonates with congenital diaphragmatic hernia requiring ECMO (Janssen et al). 2003;142:247-52
Histamine H1 receptor blockaders
The treatment of behavior disorders in children with Benadryl (Accardo). 2003;142:107 (50 years ago)
Hospitals, pediatric
Why are children's hospitals so busy? (McClimon and Hansen). 2003;142:219-20
Hyaluronidase
The use of hyaluronidase in the treatment of acute hemophilic hemarthrosis (Abshire). 2003;142:340 (50 years ago)
Hydrolysis
Lactose hydrolysis and calcium absorption in premature feeding (Vento and Moya). 2003;142:738 (Letter)
Hydroxycholecalciferols
Dental abnormalities in patients with familial hypophosphatemic vitamin D–resistant rickets: prevention by early treatment with 1-hydroxyvitamin D (Chaussain-Miller et al). 2003;142:324-31
Hyper-IgM syndrome
Disseminated *Cryptosporidium* infection in an infant with hyper-IgM syndrome caused by CD40 deficiency (Kutukculer et al). 2003;142:194-6 (CLO)
Hypercalciuria; *see* Calcium; Urinalysis
Hypercholesterolemia
Red cell and plasma plant sterols are related during consumption of plant stanol and sterol ester spreads in children with hypercholesterolemia (Ketomäki et al). 2003;142:524-31
Hyperkalemia
Transient neonatal hyperkalemia in the antenatal (ROMK defective) Bartter syndrome (Finer et al). 2003;142:318-23
Hypertension
Day- and night-time blood pressure elevation in children with higher grades of renal scarring (Patzer et al). 2003;142:117-22
While you were sleeping... (Portman). 2003;142:93-5 (Editorial)
Hypertension, pulmonary
Noninvasive delivery of inhaled nitric oxide therapy for late pulmonary hypertension in newborn infants with congenital diaphragmatic hernia (Kinsella et al). 2003;142:397-401
Hypnotics and sedatives
The treatment of behavior disorders in children with Benadryl (Accardo). 2003;142:107 (50 years ago)
Hypoglycemia
Interactions between hypoglycemia and sleep architecture in children with type 1 diabetes mellitus (Pillar et al). 2003;142:163-8
Hypophosphatemia
Dental abnormalities in patients with familial hypophosphatemic vitamin D–resistant rickets: prevention by early treatment with 1-hydroxyvitamin D (Chaussain-Miller et al). 2003;142:324-31
Hypoplastic left heart syndrome; *see* Heart defects, congenital

I

IgG
Long-term outcome in children with Guillain-Barré syndrome (Vajsar et al). 2003;142:305-9
Immunization
Immunization and atopic disease (Havinga) (Letter); (Perzanowski and Platts-Mills) (Reply). 2003;142:450-1
Immunization, passive
Vaccinia. Passive immunity in newborn infants (Schleiss). 2003;142:508 (50 years ago)
Immunodeficiency
A new mutation causing autosomal dominant periodic fever syndrome in a Danish family (Weyhreter et al). 2003;142:191-3 (CLO)
The revolution in molecular biology leads to new understanding of the clinical expression of immunodeficiencies (John and Schreiber). 2003;142:99-101 (Editorial)
Infant
The atopy patch test for detection of cow's milk allergy with digestive symptoms (de Boissieu et al). 2003;142:203-5 (CLO)
Electrophysiologic evidence of impaired cross-modal recognition memory in 8-month-old-infants of diabetic mothers (Nelson et al). 2003;142:575-82 (CLO)
Functional disorders of the larynx in early infancy (Albers and Kemp). 2003;142:401 (50 years ago)
Hypovitaminosis D and vitamin D deficiency in exclusively breast-feeding infants and their mothers in summer: a justification for vitamin D supplementation of breast-feeding infants (Dawodu et al). 2003;142:169-73
A method for the measurement of cerebral blood flow in infants and children (Perlman). 2003;142:480 (50 years ago)
Safety and efficacy of nonsteroid pimecrolimus cream 1% in the treatment of atopic dermatitis in infants (Ho et al). 2003;142:155-62
Visual function in breast-fed term infants weaned to formula with or without long-chain polyunsaturates at 4 to 6 months: a randomized clinical trial (Hoffman et al). 2003;142:669-77
Infant, diseases
Disseminated *Cryptosporidium* infection in an infant with hyper-IgM syndrome caused by CD40 deficiency (Kutukculer et al). 2003;142:194-6 (CLO)
Efficacy of telephone teaching of conservative therapy for infants with symptomatic gastroesophageal reflux referred by pediatricians to pediatric gastroenterologists (Shalaby and Orenstein). 2003;142:57-61
Intestinal resection in infants (Cohran and Kocoshis). 2003;142:497 (50 years ago)
Medical progress: pink disease (infantile acrodynia): a physiological approach (an evaluation of adrenal function and the importance of water and electrolyte metabolism) (Tominack). 2003;142:205 (50 years ago)
Randomized, double-blind, placebo-controlled trial of oral albuterol in infants with mild-to-moderate acute viral bronchiolitis (Patel et al). 2003;142:509-14
The use of banthine bromide in infantile pylorospasm. Report of 9 cases with X-ray study (Putnam). 2003;142:689 (50 years ago)
Usefulness of helical CT angiography and MRI in the diagnosis and treatment of pentalogy of Cantrell (Oka et al). 2003;142:84 (Insights)

Infant, low birth weight
Catch-up growth of head circumference of very low birth weight, small for gestational age preterm infants and mental development to adulthood (Brandt et al). 2003;142:463-8
The challenge pays off: early enhanced nutritional intake for VLBW small-for-gestation neonates improves long-term outcome (Vohr and McKinley). 2003;142:459-61 (Editorial)
A comparison of three vitamin A dosing regimens in extremely-low-birth-weight infants (Ambalavanan et al). 2003;142:656-61
Enteral glutamine supplementation and morbidity in low-birth-weight infants (Vaughn et al). 2003;142:662-8
Why are children's hospitals so busy? (McClimon and Hansen). 2003;142:219-20

Infant, newborn
Alterations in height, weight, and body mass index of newborns, children, and young adults in Eastern Germany after German reunification (Hesse et al). 2003;142:259-62
Catch-up growth of head circumference of very low birth weight, small for gestational age preterm infants and mental development to adulthood (Brandt et al). 2003;142:463-8
The challenge pays off: early enhanced nutritional intake for VLBW small-for-gestation neonates improves long-term outcome (Vohr and McKinley). 2003;142:459-61 (Editorial)
Changes in blood coagulation factors during the first weeks of life (Journeycake). 2003;142:416 (50 years ago)
Evaluating neonatal developmental care (Korner) (Letter); (Ohlsson et al) (Reply). 2003;142:590-1
Evaluating neonatal developmental care (Westrup et al). 2003;142:591-2 (Letter)
Letting the "gini" out of the bottle: social causation and the obesity epidemic (Goodman). 2003;142:228-30 (Editorial)
Longitudinal study of energy expenditure in preterm neonates <30 weeks' gestation during the first three postnatal weeks (Bauer et al). 2003;142:390-6
Maternal cell microchimerism in newborn tissues (Srivatsa et al). 2003;142:31-5
The Maternal Lifestyle Study (MLS): effects of prenatal cocaine and/or opiate exposure on auditory brain response at one month (Lester et al). 2003;142:279-85
Measuring energy expenditure in preterm and unstable infants (Thureen). 2003;142:366-7 (Editorial)
Neurologic examination of preterm infants at term age: comparison with term infants (Mercuri et al). 2003;142:647-55
Newborn hearing screening: tobramycin and vancomycin are not risk factors for hearing loss (de Hoog et al). 2003;142:41-6
Serum bilirubin levels in the newborn infant (Dennery). 2003;142:309 (50 years ago)
Serum calcium and inorganic phosphate in the newborn infant, and their relations to different feedings (Tsang and Namgung). 2003;142:434 (50 years ago)
So you think your mother is always looking over your shoulder?—she may be *in* your shoulder! (Hall). 2003;142:233-4 (Editorial)
Surfactant metabolism in newborns—insights from imprecise measurements (Jobe). 2003;142:223-4 (Editorial)
Surfactant phosphatidylcholine pool size in human neonates with congenital diaphragmatic hernia requiring ECMO (Janssen et al). 2003;142:247-52
Vaccinia. Passive immunity in newborn infants (Schleiss). 2003;142:508 (50 years ago)

Infant, newborn, diseases
Analysis of the costs of diagnosing cystic fibrosis with a newborn screening program (Lee et al). 2003;142:617-23
Arginase deficiency with lethal neonatal expression: evidence for the glutamine hypothesis of cerebral edema (Picker et al). 2003;142:349-52 (CLO)
Blood aspiration syndrome as a cause of respiratory distress in the newborn infant (Gordon et al). 2003;142:200-2 (CLO)
Evaluating resuscitation practices on the basis of evidence: the findings at first glance may seem illogical (Kattwinkel). 2003;142:221-2 (Editorial)
Evidence for genetic heterogeneity in lymphedema-cholestasis syndrome (Frühwirth et al). 2003;142:441-7 (CLO)
Incidence and spectrum of neonatal lupus erythematosus: a prospective study of infants born to mothers with anti-Ro autoantibodies (Cimaz et al). 2003;142:678-83
Intrapartum antibiotics and neonatal invasive infections caused by organisms other than group B *Streptococcus* (Sinha et al). 2003;142:492-7
More on ear/kidney abnormalities (Kohelet et al) (Letter); (Kugelman and Bader) (Reply). 2003;142:454-6
Noninvasive delivery of inhaled nitric oxide therapy for late pulmonary hypertension in newborn infants with congenital diaphragmatic hernia (Kinsella et al). 2003;142:397-401
Oxidative stress in asphyxiated term infants resuscitated with 100% oxygen (Vento et al). 2003;142:240-6
Relief for the (missed) blue baby blues? (Hannon). 2003;142:231-3 (Editorial)
Tetanus neonatorum: review of twenty-six cases (Stoll). 2003;142:304 (50 years ago)
Time to positive culture results in neonatal *Candida* septicemia (Schelonka and Moser). 2003;142:564-5 (CLO)
Transient neonatal hyperkalemia in the antenatal (ROMK defective) Bartter syndrome (Finer et al). 2003;142:318-23
The use of pulse oximetry to detect congenital heart disease (Reich et al). 2003;142:268-72

Infant, premature
The ambiguous role of nitric oxide in the developing brain (Hoehn et al) (Letter); (Sola et al) (Reply). 2003;142:215-7
Cycled light and growth of preterms (Robison) (Letter); (Brandon et al) (Reply). 2003;142:451-2
Lactose hydrolysis and calcium absorption in premature feeding (Vento and Moya). 2003;142:738 (Letter)
Longitudinal study of energy expenditure in preterm neonates <30 weeks' gestation during the first three postnatal weeks (Bauer et al). 2003;142:390-6
The maturation and coordination of sucking, swallowing, and respiration in preterm infants (Mizuno and Ueda). 2003;142:36-40
Measuring energy expenditure in preterm and unstable infants (Thureen). 2003;142:366-7 (Editorial)
Medical progress: the physiologic and clinical significance of immaturity of kidney function in young infants (Stapleton). 2003;142:168 (50 years ago)
Neurologic examination of preterm infants at term age: comparison with term infants (Mercuri et al). 2003;142:647-55
Pharmacokinetics and tolerance of zidovudine in preterm infants (Capparelli et al). 2003;142:47-52
Prevalence and risk factors for sleep-disordered breathing in 8- to 11-year-old children: association with race and prematurity (Rosen et al). 2003;142:383-9
Urinary losses of recombinant erythropoietin in preterm infants (Bührer et al). 2003;142:452-3 (Letter)

Infant, small for gestational age
Catch-up growth of head circumference of very low birth weight, small for gestational age preterm infants and mental development to adulthood (Brandt et al). 2003;142:463-8
The challenge pays off: early enhanced nutritional intake for VLBW small-for-gestation neonates improves long-term outcome (Vohr and McKinley). 2003;142:459-61 (Editorial)
Growth hormone for small-for-gestational-age children: short and sweet? (Silverstein and Shulman). 2003;142:91-2 (Editorial). Correction 2003;142:447
Reduced insulin sensitivity during growth hormone therapy for short children born small for gestational age (Cutfield et al). 2003;142:113-6

Infant care
Evaluating neonatal developmental care (Korner) (Letter); (Ohlsson et al) (Reply). 2003;142:590-1
Evaluating neonatal developmental care (Westrup et al). 2003;142:591-2 (Letter)

Infant food
Visual function in breast-fed term infants weaned to formula with or without long-chain polyunsaturates at 4 to 6 months: a randomized clinical trial (Hoffman et al). 2003;142:669-77
Infection
Disseminated *Cryptosporidium* infection in an infant with hyper-IgM syndrome caused by CD40 deficiency (Kutukculer et al). 2003;142:194-6 (CLO)
Hepatitis C virus infection associated with liver-kidney microsomal antibody type 1 (LKM1) autoantibodies in children (Bortolotti et al). 2003;142:185-90
Intrapartum antibiotics and neonatal invasive infections caused by organisms other than group B *Streptococcus* (Sinha et al). 2003;142:492-7
Infectious hepatitis; *see* Hepatitis A
Informed consent
Informed consent for pediatric research: is it really possible? (Kodish). 2003;142:89-90
Infusions, intravenous
Biochemical effect of intravenous arginine butyrate in X-linked adrenoleukodystrophy (McGovern et al). 2003;142:709-13
Treatment of symptomatic pediatric osteoporosis with cyclic single-day intravenous pamidronate infusions (Steelman and Zeitler). 2003;142:417-23
Inhaled administration; *see* Administration, inhalation
Injections, intravenous
Urinary losses of recombinant erythropoietin in preterm infants (Bührer et al). 2003;142:452-3 (Letter)
Injections, subcutaneous
Urinary losses of recombinant erythropoietin in preterm infants (Bührer et al). 2003;142:452-3 (Letter)
Injuries
Transient elevation in risk of injury in siblings following injury encounters (Johnston et al). 2003;142:79-83
Inorganic phosphates; *see* Phosphates
Insights
Insights. 2003;142:84, 211, 341, 449, 586, 736
Insulin
Growth hormone for small-for-gestational-age children: short and sweet? (Silverstein and Shulman). 2003;142:91-2 (Editorial). Correction 2003;142:447
Human insulin-induced lipoatrophy (Felner). 2003;142:448 (Insights)
Reduced insulin sensitivity during growth hormone therapy for short children born small for gestational age (Cutfield et al). 2003;142:113-6
Intensive care units, neonatal
The ambiguous role of nitric oxide in the developing brain (Hoehn et al) (Letter); (Sola et al) (Reply). 2003;142:215-7
Why are children's hospitals so busy? (McClimon and Hansen). 2003;142:219-20
Zinc protoporphyrin/heme as an indicator of iron status in NICU patients (Juul et al). 2003;142:273-8
Interactions of drugs; *see* Drug interactions
Internship and residency
Pediatrics and patient safety (Napper et al). 2003;142:359-60
Intestines
Intestinal resection in infants (Cohran and Kocoshis). 2003;142:497 (50 years ago)
Iron
Association between iron deficiency and blood lead level in a longitudinal analysis of children followed in an urban primary care clinic (Wright et al). 2003;142:9-14
Getting the lead out: can iron help? (McGeehin). 2003;142:3-4 (Editorial)
Zinc protoporphyrin/heme as an indicator of iron status in NICU patients (Juul et al). 2003;142:273-8
Italy
Prevalence of habitual snoring and sleep-disordered breathing in preschool-aged children in an Italian community (Castronovo et al). 2003;142:377-82

J

Jaundice, neonatal
Serum bilirubin levels in the newborn infant (Dennery). 2003;142:309 (50 years ago)
Juvenile rheumatoid arthritis; *see* Arthritis, juvenile rheumatoid

K

Kawasaki disease; *see* Mucocutaneous lymph node syndrome
Kernicterus
How to avoid kernicterus (Newman and Maisels) (Letter); (Poland) (Reply); (Johnson and Bhutani) (Reply). 2003;142:212-5
Kidney
Day- and night-time blood pressure elevation in children with higher grades of renal scarring (Patzer et al). 2003;142:117-22
Hepatitis C virus infection associated with liver-kidney microsomal antibody type 1 (LKM1) autoantibodies in children (Bortolotti et al). 2003;142:185-90
Hypercalciuria in Beckwith-Wiedemann syndrome (Goldman et al). 2003;142:206-8 (CLO)
Medical progress: the physiologic and clinical significance of immaturity of kidney function in young infants (Stapleton). 2003;142:168 (50 years ago)
More on ear/kidney abnormalities (Kohelet et al) (Letter); (Kugelman and Bader) (Reply). 2003;142:454-6
Transient neonatal hyperkalemia in the antenatal (ROMK defective) Bartter syndrome (Finer et al). 2003;142:318-23
Varicella vaccination in children with nephrotic syndrome: a report of the Southwest Pediatric Nephrology Study Group (Furth et al). 2003;142:145-8
Kidney failure
Adverse events with rhGH treatment of patients with chronic renal insufficiency and end-stage renal disease (Fine et al). 2003;142:539-45
An 8-year-old boy with recurrent macroscopic hematuria, weight loss, and kidney failure (Kemper et al). 2003;142:342-5 (Grand rounds)
Severe deficiency of the specific von Willebrand factor-cleaving protease (ADAMTS 13) activity in a subgroup of children with atypical hemolytic uremic syndrome (Veyradier et al). 2003;142:310-7
Kidney failure, chronic
Adverse events with rhGH treatment of patients with chronic renal insufficiency and end-stage renal disease (Fine et al). 2003;142:539-45
Killer cells, natural
Natural killer cell dysfunction in patients with systemic-onset juvenile rheumatoid arthritis and macrophage activation syndrome (Grom et al). 2003;142:292-6
Kinky hair syndrome
Biochemical indicator for evaluation of connective tissue abnormalities in Menkes' disease (Kodama et al). 2003;142:726-8 (CLO)

L

Lactose
Lactose hydrolysis and calcium absorption in premature feeding (Vento and Moya). 2003;142:738 (Letter)
Larynx, abnormalities
Functional disorders of the larynx in early infancy (Albers and Kemp). 2003;142:401 (50 years ago)
Lead
Association between iron deficiency and blood lead level in a longitudinal analysis of children followed in an urban primary care clinic (Wright et al). 2003;142:9-14
Getting the lead out: can iron help? (McGeehin). 2003;142:3-4 (Editorial)

Learning disorders
Mirror and reversed reading (Accardo). 2003;142:154 (50 years ago)
Leg
A 16-year-old boy with purpura and leg pain (Bingham et al). 2003;142:560-3 (Grand rounds)
Letters
The ambiguous role of nitric oxide in the developing brain (Hoehn et al) (Letter); (Sola et al) (Reply). 2003;142:215-7
Back to sleep: risk factors for SIDS as targets for public health campaigns (Pastore et al). 2003;142:453-4 (Letter)
Chronic fatigue syndrome and Addison's disease (Baschetti) (Letter); (Tanaka and Lic) (Reply). 2003;142:217-8
Cycled light and growth of preterms (Robison) (Letter); (Brandon et al) (Reply). 2003;142:451-2
Evaluating neonatal developmental care (Korner) (Letter); (Ohlsson et al) (Reply). 2003;142:590-1
Evaluating neonatal developmental care (Westrup et al). 2003;142:591-2 (Letter)
Growth hormone deficiency caused by pituitary stalk interruption in Diamond-Blackfan anemia (Leblanc et al). 2003;142:358 (Letter)
How to avoid kernicterus (Newman and Maisels) (Letter); (Poland) (Reply); (Johnson and Bhutani) (Reply). 2003;142:212-5
Immunization and atopic disease (Havinga) (Letter); (Perzanowski and Platts-Mills) (Reply). 2003;142:450-1
Lactose hydrolysis and calcium absorption in premature feeding (Vento and Moya). 2003;142:738 (Letter)
Metabolic disease and sudden unexpected death (Wilcox and Steiner) (Letter); (Buchino et al) (Reply). 2003;142:357
More on ear/kidney abnormalities (Kohelet et al) (Letter); (Kugelman and Bader) (Reply). 2003;142:454-6
Nitric oxide in Kawasaki disease (Ikemoto) (Letter); (Wang and Yang) (Reply). 2003;142:594-6
No evidence of interaction between PCBs and critical developmental factors (Silkworth et al) (Letter); (Vreugdenhil et al) (Reply). 2003;142:593-4
Urinary losses of recombinant erythropoietin in preterm infants (Bührer et al). 2003;142:452-3 (Letter)
Who is NOT breast-feeding and why (Moore and Wimbery) (Letter); (Hall) (Reply). 2003;142:737
Leukemia, lymphocytic, acute
Conjunctival mass: an unusual presentation of acute lymphoblastic leukemia relapse in childhood (Campagnoli et al). 2003;142:211 (Insights)
Fever and respiratory distress in an 8-year-old boy receiving therapy for acute lymphoblastic leukemia (Weitzman et al). 2003;142:714-21 (Grand rounds)
Leukemia, myeloid
Myeloid leukemia in Prader-Willi syndrome (Davies et al). 2003;142:174-8
Life style
The Maternal Lifestyle Study (MLS): effects of prenatal cocaine and/or opiate exposure on auditory brain response at one month (Lester et al). 2003;142:279-85
Ligands
Disseminated *Cryptosporidium* infection in an infant with hyper-IgM syndrome caused by CD40 deficiency (Kutukculer et al). 2003;142:194-6 (CLO)
Light
Cycled light and growth of preterms (Robison) (Letter); (Brandon et al) (Reply). 2003;142:451-2
Lipids
Sex hormones and the changes in adolescent male lipids: longitudinal studies in a biracial cohort (Morrison et al). 2003;142:637-42
Lipoatrophic diabetes mellitus; *see* Diabetes mellitus, lipoatrophic
Liver
Cholangitis after hepatic portoenterostomy for biliary atresia: a multivariate analysis of risk factors (van Heurn et al). 2003;142:566-71 (CLO)
Hepatitis C virus infection associated with liver-kidney microsomal antibody type 1 (LKM1) autoantibodies in children (Bortolotti et al). 2003;142:185-90
Surgical restoration of portal flow corrects procoagulant and anticoagulant deficiencies associated with extrahepatic portal vein thrombosis (Mack et al). 2003;142:197-9 (CLO)
Low birth weight infant; *see* Infant, low birth weight
Lupus erythematosus
Incidence and spectrum of neonatal lupus erythematosus: a prospective study of infants born to mothers with anti-Ro autoantibodies (Cimaz et al). 2003;142:678-83
Lymphedema
Age of onset in hereditary lymphedema (Levinson et al). 2003;142:704-8
Evidence for genetic heterogeneity in lymphedema-cholestasis syndrome (Frühwirth et al). 2003;142:441-7 (CLO)

M

Macrophage activation
Natural killer cell dysfunction in patients with systemic-onset juvenile rheumatoid arthritis and macrophage activation syndrome (Grom et al). 2003;142:292-6
Magnetic resonance imaging
Usefulness of helical CT angiography and MRI in the diagnosis and treatment of pentalogy of Cantrell (Oka et al). 2003;142:84 (Insights)
Maintenance therapy
Limitations of maintenance therapy for viral respiratory infection-induced asthma (Doull). 2003;142:S21-5
Mass screening
Abnormal glucose tolerance in cystic fibrosis: why should patients be screened? (Moran and Milla). 2003;142:97-9 (Editorial)
Glucose intolerance in children with cystic fibrosis (Solomon et al). 2003;142:128-32
Maternal-fetal exchange
Follow-up of children of depressed mothers exposed or not exposed to antidepressant drugs during pregnancy (Casper et al). 2003;142:402-8
The Maternal Lifestyle Study (MLS): effects of prenatal cocaine and/or opiate exposure on auditory brain response at one month (Lester et al). 2003;142:279-85
Maternal Lifestyle Study
The Maternal Lifestyle Study (MLS): effects of prenatal cocaine and/or opiate exposure on auditory brain response at one month (Lester et al). 2003;142:279-85
McCune-Albright syndrome; *see* Fibrous dysplasia, polyostotic
Measles
The use of the electrophrenic respirator in the management of respiratory difficulty in post measles encephalitis (Green). 2003;142:491 (50 years ago)
Mechanical ventilation; *see* Ventilation, mechanical
Memory
Electrophysiologic evidence of impaired cross-modal recognition memory in 8-month-old-infants of diabetic mothers (Nelson et al). 2003;142:575-82 (CLO)
No evidence of interaction between PCBs and critical developmental factors (Silkworth et al) (Letter); (Vreugdenhil et al) (Reply). 2003;142:593-4
Meningitis, pneumococcal
Four recurrent attacks of pneumococcus meningitis with recovery (Long). 2003;142:623 (50 years ago)
Menkes' disease; *see* Kinky hair syndrome
Mental disorders
The treatment of behavior disorders in children with Benadryl (Accardo). 2003;142:107 (50 years ago)
Mentors
Critical choices in mentoring the next generation of academic pediatricians: nine circles of hell or salvation? (Drotar and Avner). 2003;142:1-2
Mercury
Acrodynia and mercury (Welch). 2003;142:272 (50 years ago)

Metabolic diseases
Metabolic disease and sudden unexpected death (Wilcox and Steiner) (Letter); (Buchino et al) (Reply). 2003;142:357
Metabolism
Glutathione metabolism and antioxidant enzymes in children with Down syndrome (Pastore et al). 2003;142:583-5 (CLO)
Surfactant metabolism in newborns—insights from imprecise measurements (Jobe). 2003;142:223-4 (Editorial)
Microchimera; *see* Chimera
Microsomes
Hepatitis C virus infection associated with liver-kidney microsomal antibody type 1 (LKM1) autoantibodies in children (Bortolotti et al). 2003;142:185-90
Midazolam
Midazolam syrup as a premedication to reduce the discomfort associated with pediatric intravenous catheter insertion (McErlean et al). 2003;142:429-30 (CLO)
Pain, anxiety, distress, and suffering: interrelated, but not interchangeable (Berde and Wolfe). 2003;142:361-3 (Editorial)
Milk hypersensitivity
The atopy patch test for detection of cow's milk allergy with digestive symptoms (de Boissieu et al). 2003;142:203-5 (CLO)
Mitochondria
Mitochondrial trifunctional protein deficiency: a severe fatty acid oxidation disorder with cardiac and neurologic involvement (den Boer et al). 2003;142:684-9
Molecular biology
Disseminated *Cryptosporidium* infection in an infant with hyper-IgM syndrome caused by CD40 deficiency (Kutukculer et al). 2003;142:194-6 (CLO)
A new mutation causing autosomal dominant periodic fever syndrome in a Danish family (Weyhreter et al). 2003;142:191-3 (CLO)
The revolution in molecular biology leads to new understanding of the clinical expression of immunodeficiencies (John and Schreiber). 2003;142:99-101 (Editorial)
Molecular structure
Molecular analysis in Turner syndrome (Álvarez-Nava et al). 2003;142:336-40
Monosomy
Turner syndrome with complex mosaic monosomy and structural aorta anomalies (Tissières et al). 2003;142:341 (Insights)
Montelukast
Montelukast pharmacokinetics in cystic fibrosis (Graff et al). 2003;142:53-6
Morbidity
Developmental outcome of patients with hypoplastic left heart syndrome treated with heart transplantation (Ikle et al). 2003;142:20-5
Enteral glutamine supplementation and morbidity in low-birth-weight infants (Vaughn et al). 2003;142:662-8
Improved survival among young patients with cystic fibrosis (Kulich et al). 2003;142:631-6
Intestinal resection in infants (Cohran and Kocoshis). 2003;142:497 (50 years ago)
Neurologic and developmental morbidity in children with complex congenital heart disease (Wernovsky and Newburger). 2003;142:6-8 (Editorial)
Packed red blood cell transfusions for critically ill pediatric patients: when and for what conditions? (Bratton and Annich). 2003;142:95-7 (Editorial)
Pediatric red blood cell transfusions increase resource use (Goodman et al). 2003;142:123-7
Vitamin A supplementation and childhood morbidity from diarrhea and respiratory infections: a meta-analysis (Grotto et al). 2003;142:297-304
Morphine
Pain, anxiety, distress, and suffering: interrelated, but not interchangeable (Berde and Wolfe). 2003;142:361-3 (Editorial)
Rapid increase of morphine and benzodiazepine usage in the last three days of life in children with cancer is related to neuropathic pain (Dougherty and DeBaun). 2003;142:373-6
Mosaicism
Turner syndrome with complex mosaic monosomy and structural aorta anomalies (Tissières et al). 2003;142:341 (Insights)
Mucocutaneous lymph node syndrome
Acute surgical abdomen as presenting manifestation of Kawasaki disease (Zulian et al). 2003;142:731-5 (CLO)
Altered myocardial flow reserve and endothelial function late after Kawasaki disease (Furuyama et al). 2003;142:149-54
Corticosteroids in the initial treatment of Kawasaki disease: report of a randomized trial (Sundel et al). 2003;142:611-6
Is there a role for corticosteroids in Kawasaki disease? (Shulman). 2003;142:601-3 (Editorial)
Nitric oxide in Kawasaki disease (Ikemoto) (Letter); (Wang and Yang) (Reply). 2003;142:594-6
Mutation
A new mutation causing autosomal dominant periodic fever syndrome in a Danish family (Weyhreter et al). 2003;142:191-3 (CLO)
Myeloid leukemia; *see* Leukemia, myeloid
Myocardium, blood supply
Altered myocardial flow reserve and endothelial function late after Kawasaki disease (Furuyama et al). 2003;142:149-54

N

Narcotics
Epidemic of narcotic use among school children in New York City (Fuller). 2003;142:72 (50 years ago)
The Maternal Lifestyle Study (MLS): effects of prenatal cocaine and/or opiate exposure on auditory brain response at one month (Lester et al). 2003;142:279-85
Natural killer cells; *see* Killer cells, natural
Necrosis
Infectious hepatitis in childhood, with a special consideration of "progressive hepatitis" (Chang). 2003;142:698 (50 years ago)
Neonatal screening
Analysis of the costs of diagnosing cystic fibrosis with a newborn screening program (Lee et al). 2003;142:617-23
DNA diagnosis confirms hemoglobin deletion in newborn screen follow-up (Bhardwaj et al). 2003;142:346-8 (CLO)
Newborn hearing screening: tobramycin and vancomycin are not risk factors for hearing loss (de Hoog et al). 2003;142:41-6
Neonate; *see* Infant, newborn
Neoplasms
Pain, anxiety, distress, and suffering: interrelated, but not interchangeable (Berde and Wolfe). 2003;142:361-3 (Editorial)
Rapid increase of morphine and benzodiazepine usage in the last three days of life in children with cancer is related to neuropathic pain (Dougherty and DeBaun). 2003;142:373-6
Nephrotic syndrome
Varicella vaccination in children with nephrotic syndrome: a report of the Southwest Pediatric Nephrology Study Group (Furth et al). 2003;142:145-8
Neurobehavioral Assessment of the Preterm Infant
Evaluating neonatal developmental care (Korner) (Letter); (Ohlsson et al) (Reply). 2003;142:590-1
Neurofibromatosis
Adult height after cranial irradiation for optic pathway tumors: relationship with neurofibromatosis (Huguenin et al). 2003;142:699-703
Neurologic manifestations
Developmental outcome of patients with hypoplastic left heart syndrome treated with heart transplantation (Ikle et al). 2003;142:20-5
Mitochondrial trifunctional protein deficiency: a severe fatty acid oxidation disorder with cardiac and neurologic involvement (den Boer et al). 2003;142:684-9

Neurologic and developmental morbidity in children with complex congenital heart disease (Wernovsky and Newburger). 2003;142:6-8 (Editorial)
Neurologic examination of preterm infants at term age: comparison with term infants (Mercuri et al). 2003;142:647-55

Neuromuscular diseases
Initiation of home mechanical ventilation in children with neuromuscular diseases (Sritippayawan et al). 2003;142:481-5
Long-term follow-up of home mechanical ventilation in young children with spinal cord injury and neuromuscular conditions (Gilgoff and Gilgoff). 2003;142:476-80

Neuropathic pain; *see* Pain

Newborn infant; *see* Infant, newborn

NICU; *see* Intensive care units, neonatal

Niemann-Pick disease
Growth restriction in children with type B Niemann-Pick disease (Wasserstein et al). 2003;142:424-8

Nitric oxide
The ambiguous role of nitric oxide in the developing brain (Hoehn et al) (Letter); (Sola et al) (Reply). 2003;142:215-7
Effect of cardiopulmonary bypass on urea cycle intermediates and nitric oxide levels after congenital heart surgery (Barr et al). 2003;142:26-30
Exhaled nitric oxide: a useful aide in pediatric asthma management? (Lierl). 2003;142:461-2 (Editorial)
Nitric oxide in Kawasaki disease (Ikemoto) (Letter); (Wang and Yang) (Reply). 2003;142:594-6
Noninvasive delivery of inhaled nitric oxide therapy for late pulmonary hypertension in newborn infants with congenital diaphragmatic hernia (Kinsella et al). 2003;142:397-401
Relations between exhaled nitric oxide and measures of disease activity among children with mild-to-moderate asthma (Covar et al). 2003;142:469-75

Nonverbal communication
Relation between pain and self-injurious behavior in nonverbal children with severe cognitive impairments (Breau et al). 2003;142:498-503

Nosocomial infection; *see* Cross infection

Nuclear family
Transient elevation in risk of injury in siblings following injury encounters (Johnston et al). 2003;142:79-83

Nutrition
Catch-up growth of head circumference of very low birth weight, small for gestational age preterm infants and mental development to adulthood (Brandt et al). 2003;142:463-8
The challenge pays off: early enhanced nutritional intake for VLBW small-for-gestation neonates improves long-term outcome (Vohr and McKinley). 2003;142:459-61 (Editorial)
Growth and nutritional indexes in early life predict pulmonary function in cystic fibrosis (Konstan et al). 2003;142:624-30
Nutritional and energetic consequences of sweetened drink consumption in 6- to 13-year-old children (Mrdjenovic and Levitsky). 2003;142:604-10
Soft drinks taste good, but the calories count (Schwartz). 2003;142:599-601 (Editorial)

O

Obesity
Alterations in height, weight, and body mass index of newborns, children, and young adults in Eastern Germany after German reunification (Hesse et al). 2003;142:259-62
Letting the "gini" out of the bottle: social causation and the obesity epidemic (Goodman). 2003;142:228-30 (Editorial)

Ophthalmology
Nonophthalmologist accuracy in diagnosing retinal hemorrhages in the shaken baby syndrome (Morad et al). 2003;142:431-4 (CLO)

Opiates; *see* Narcotics

Optic pathway neoplasms
Adult height after cranial irradiation for optic pathway tumors: relationship with neurofibromatosis (Huguenin et al). 2003;142:699-703

Oral administration; *see* Administration, oral

Osteoporosis
Treatment of symptomatic pediatric osteoporosis with cyclic single-day intravenous pamidronate infusions (Steelman and Zeitler). 2003;142:417-23

Outcome of treatment; *see* Treatment outcome

Oximetry
Relief for the (missed) blue baby blues? (Hannon). 2003;142:231-3 (Editorial)
The use of pulse oximetry to detect congenital heart disease (Reich et al). 2003;142:268-72

Oxygen
Evaluating resuscitation practices on the basis of evidence: the findings at first glance may seem illogical (Kattwinkel). 2003;142:221-2 (Editorial)
Mitochondrial trifunctional protein deficiency: a severe fatty acid oxidation disorder with cardiac and neurologic involvement (den Boer et al). 2003;142:684-9
Oxidative stress in asphyxiated term infants resuscitated with 100% oxygen (Vento et al). 2003;142:240-6

Oxygen consumption
The effect of short-term dimethylglycine treatment on oxygen consumption in cytochrome oxidase deficiency: a double-blind randomized crossover clinical trial (Liet et al). 2003;142:62-6

P

Pain
Midazolam syrup as a premedication to reduce the discomfort associated with pediatric intravenous catheter insertion (McErlean et al). 2003;142:429-30 (CLO)
Pain, anxiety, distress, and suffering: interrelated, but not interchangeable (Berde and Wolfe). 2003;142:361-3 (Editorial)
Rapid increase of morphine and benzodiazepine usage in the last three days of life in children with cancer is related to neuropathic pain (Dougherty and DeBaun). 2003;142:373-6
Relation between pain and self-injurious behavior in nonverbal children with severe cognitive impairments (Breau et al). 2003;142:498-503
A 16-year-old boy with purpura and leg pain (Bingham et al). 2003;142:560-3 (Grand rounds)

Pamidronate
Treatment of symptomatic pediatric osteoporosis with cyclic single-day intravenous pamidronate infusions (Steelman and Zeitler). 2003;142:417-23

Parathyroid glands
Parathyroid function and growth in 22q11.2 deletion syndrome (Brauner et al). 2003;142:504-8

Parents
Parents' attitudes to children's participation in randomized controlled trials (Caldwell et al). 2003;142:554-9
Sunburn reduction through parental role modeling and sunscreen vigilance (O'Riordan et al). 2003;142:67-72

Passive immunization; *see* Immunization, passive

Patch tests
The atopy patch test for detection of cow's milk allergy with digestive symptoms (de Boissieu et al). 2003;142:203-5 (CLO)

Patient care team
Impact of ambulatory, family-focused teamwork intervention on glycemic control in youth with type 1 diabetes (Laffel et al). 2003;142:409-16

Patient education
Who is breast-feeding? Recent trends from the Pregnancy Risk Assessment and Monitoring System (Ahluwalia et al). 2003;142:486-91

Pediatrics
Critical choices in mentoring the next generation of academic pediatricians: nine circles of hell or salvation? (Drotar and Avner). 2003;142:1-2
Efficacy of telephone teaching of conservative therapy for infants with symptomatic gastroesophageal reflux referred by pediatricians to pediatric gastroenterologists (Shalaby and Orenstein). 2003;142:57-61
Pediatrics and patient safety (Napper et al). 2003;142:359-60
Penicillins
Choice of an antibiotic: an interpretive review (Green). 2003;142:408 (50 years ago)
Pentalogy of Cantrell; *see* Abnormalities
Peripheral catheterization; *see* Catheterization, peripheral
Pharmacokinetics
Montelukast pharmacokinetics in cystic fibrosis (Graff et al). 2003;142:53-6
Pharmacokinetics and tolerance of zidovudine in preterm infants (Capparelli et al). 2003;142:47-52
Philanthropic funds; *see* Fund raising
Phosphates
Serum calcium and inorganic phosphate in the newborn infant, and their relations to different feedings (Tsang and Namgung). 2003;142:434 (50 years ago)
Phosphatidylcholines
Surfactant metabolism in newborns—insights from imprecise measurements (Jobe). 2003;142:223-4 (Editorial)
Surfactant phosphatidylcholine pool size in human neonates with congenital diaphragmatic hernia requiring ECMO (Janssen et al). 2003;142:247-52
Physical activity; *see* Exercise
Physical fitness
Training of aerobic and anaerobic fitness in children with asthma (Counil et al). 2003;142:179-84
Physicians, family
Association between iron deficiency and blood lead level in a longitudinal analysis of children followed in an urban primary care clinic (Wright et al). 2003;142:9-14
Getting the lead out: can iron help? (McGeehin). 2003;142:3-4 (Editorial)
Physiology
Medical progress: the physiologic and clinical significance of immaturity of kidney function in young infants (Stapleton). 2003;142:168 (50 years ago)
Medical progress: pink disease (infantile acrodynia): a physiological approach (an evaluation of adrenal function and the importance of water and electrolyte metabolism) (Tominack). 2003;142:205 (50 years ago)
Phytosterols
Red cell and plasma plant sterols are related during consumption of plant stanol and sterol ester spreads in children with hypercholesterolemia (Ketomäki et al). 2003;142:524-31
Pimecrolimus
Safety and efficacy of nonsteroid pimecrolimus cream 1% in the treatment of atopic dermatitis in infants (Ho et al). 2003;142:155-62
Pituitary gland
Growth hormone deficiency caused by pituitary stalk interruption in Diamond-Blackfan anemia (Leblanc et al). 2003;142:358 (Letter)
Placebos
When do the federal regulations allow placebo-controlled trials in children? (Miller et al). 2003;142:102-7 (Commentary)
Plasma
Red cell and plasma plant sterols are related during consumption of plant stanol and sterol ester spreads in children with hypercholesterolemia (Ketomäki et al). 2003;142:524-31
Poisoning
Measuring a toddler's mouthful: toxicologic considerations (Ratnapalan et al). 2003;142:729-30 (CLO)
Polychlorinated biphenyls
No evidence of interaction between PCBs and critical developmental factors (Silkworth et al) (Letter); (Vreugdenhil et al) (Reply). 2003;142:593-4
Polymerase chain reaction
DNA diagnosis confirms hemoglobin deletion in newborn screen follow-up (Bhardwaj et al). 2003;142:346-8 (CLO)
Polyradiculoneuritis
Long-term outcome in children with Guillain-Barré syndrome (Vajsar et al). 2003;142:305-9
Polyunsaturated fatty acids; *see* Fatty acids, unsaturated
Portal vein
Surgical restoration of portal flow corrects procoagulant and anticoagulant deficiencies associated with extrahepatic portal vein thrombosis (Mack et al). 2003;142:197-9 (CLO)
Portoenterostomy, hepatic
Cholangitis after hepatic portoenterostomy for biliary atresia: a multivariate analysis of risk factors (van Heurn et al). 2003;142:566-71 (CLO)
Potassium channels
Transient neonatal hyperkalemia in the antenatal (ROMK defective) Bartter syndrome (Finer et al). 2003;142:318-23
Prader-Willi syndrome
Improving body composition and physical activity in Prader-Willi syndrome (Eiholzer et al). 2003;142:73-8
Myeloid leukemia in Prader-Willi syndrome (Davies et al). 2003;142:174-8
Predictive value of tests
Can diagnostic evaluations to "rule out" endocarditis be improved? (Saiman). 2003;142:230-1 (Editorial)
Does assessment of pretest probability of disease improve the utility of echocardiography in suspected endocarditis in children? (Michelfelder et al). 2003;142:263-7
Prednisone
Varicella vaccination in children with nephrotic syndrome: a report of the Southwest Pediatric Nephrology Study Group (Furth et al). 2003;142:145-8
Pregnancy
Follow-up of children of depressed mothers exposed or not exposed to antidepressant drugs during pregnancy (Casper et al). 2003;142:402-8
Pregnancy Risk Assessment and Monitoring System
Who is breast-feeding? Recent trends from the Pregnancy Risk Assessment and Monitoring System (Ahluwalia et al). 2003;142:486-91
Premature infant; *see* Infant, premature
Prenatal exposure; *see* Maternal-fetal exchange
Preschool children; *see* Child, preschool
Preterm infant; *see* Infant, premature
Proteases
Severe deficiency of the specific von Willebrand factor-cleaving protease (ADAMTS 13) activity in a subgroup of children with atypical hemolytic uremic syndrome (Veyradier et al). 2003;142:310-7
Protein deficiency
Mitochondrial trifunctional protein deficiency: a severe fatty acid oxidation disorder with cardiac and neurologic involvement (den Boer et al). 2003;142:684-9
Protein S
Thrombosis and gangrene in a patient with sickle cell disease and dactylitis (Michaels et al). 2003;142:449 (Insights)
Prothrombin
Deficient prothrombin and fibrinogen in fatal erythroblastosis fetalis (Buchanan). 2003;142:162 (50 years ago)
Protoporphyrins
Zinc protoporphyrin/heme as an indicator of iron status in NICU patients (Juul et al). 2003;142:273-8
Prune belly syndrome
Congenital deficiency of the abdominal muscles (with associated multiple anomalies) (Weber). 2003;142:30 (50 years ago)
Puberty
Pubertal maturation in girls and the relationship to anthropometric changes: pathways through puberty (Biro et al). 2003;142:643-6

Public health
Back to sleep: risk factors for SIDS as targets for public health campaigns (Pastore et al). 2003;142:453-4 (Letter)
Pulmonary function tests; *see* Respiratory function tests
Pulmonary hypertension; *see* Hypertension, pulmonary
Pulmonary surfactant
Surfactant metabolism in newborns—insights from imprecise measurements (Jobe). 2003;142:223-4 (Editorial)
Surfactant phosphatidylcholine pool size in human neonates with congenital diaphragmatic hernia requiring ECMO (Janssen et al). 2003;142:247-52
Pulse oximetry; *see* Oximetry
Purpura
A 16-year-old boy with purpura and leg pain (Bingham et al). 2003;142:560-3 (Grand rounds)
Pylorospasm
The use of banthine bromide in infantile pylorospasm. Report of 9 cases with X-ray study (Putnam). 2003;142:689 (50 years ago)

R

Race factors
Omigosh, not home sleep studies! (Kemp). 2003;142:364-5 (Editorial)
Prevalence and risk factors for sleep-disordered breathing in 8- to 11-year-old children: association with race and prematurity (Rosen et al). 2003;142:383-9
Sex hormones and the changes in adolescent male lipids: longitudinal studies in a biracial cohort (Morrison et al). 2003;142:637-42
Who is NOT breast-feeding and why (Moore and Wimbery) (Letter); (Hall) (Reply). 2003;142:737
Randomized controlled trial
Parents' attitudes to children's participation in randomized controlled trials (Caldwell et al). 2003;142:554-9
Recommendations; *see* Health planning guidelines
Recurrence
Conjunctival mass: an unusual presentation of acute lymphoblastic leukemia relapse in childhood (Campagnoli et al). 2003;142:211 (Insights)
Red blood cell transfusion; *see* Blood component transfusion
Red blood cells; *see* Erythrocytes
Renal insufficiency; *see* Kidney failure
Reproducibility of results
Evaluating neonatal developmental care (Korner) (Letter); (Ohlsson et al) (Reply). 2003;142:590-1
Research
Do healthy children deserve greater protection in medical research? (Ross). 2003;142:108-12 (Commentary)
Informed consent for pediatric research: is it really possible? (Kodish). 2003;142:89-90
When do the federal regulations allow placebo-controlled trials in children? (Miller et al). 2003;142:102-7 (Commentary)
Resources, health; *see* Health resources
Respiration
Functional disorders of the larynx in early infancy (Albers and Kemp). 2003;142:401 (50 years ago)
The maturation and coordination of sucking, swallowing, and respiration in preterm infants (Mizuno and Ueda). 2003;142:36-40
Omigosh, not home sleep studies! (Kemp). 2003;142:364-5 (Editorial)
Prevalence of habitual snoring and sleep-disordered breathing in preschool-aged children in an Italian community (Castronovo et al). 2003;142:377-82
Prevalence and risk factors for sleep-disordered breathing in 8- to 11-year-old children: association with race and prematurity (Rosen et al). 2003;142:383-9
Respiration, artificial
The use of the electrophrenic respirator in the management of respiratory difficulty in post measles encephalitis (Green). 2003;142:491 (50 years ago)
Respiratory distress syndrome
Blood aspiration syndrome as a cause of respiratory distress in the newborn infant (Gordon et al). 2003;142:200-2 (CLO)
Fever and respiratory distress in an 8-year-old boy receiving therapy for acute lymphoblastic leukemia (Weitzman et al). 2003;142:714-21 (Grand rounds)
Respiratory function tests
Growth and nutritional indexes in early life predict pulmonary function in cystic fibrosis (Konstan et al). 2003;142:624-30
Respiratory syncytial viruses
Are inhaled corticosteroids effective for acute exacerbations of asthma in children? (Hendeles and Sherman). 2003;142:S26-33
Clinical patterns and natural history of asthma (Weinberger). 2003;142:S15-20
Consensus statement from a conference on treatment of viral respiratory infection-induced asthma in young children (Weinberger). 2003;142:S45-6
Limitations of maintenance therapy for viral respiratory infection-induced asthma (Doull). 2003;142:S21-5
Mechanisms of virus-induced asthma (Gern). 2003;142:S9-14
Proceedings from the Consensus Conference on treatment of viral respiratory infection-induced asthma in young children: introduction (Weinberger). 2003;142:S1
Selecting a systemic corticosteroid for acute asthma in young children (Hendeles). 2003;142:S40-4
Treatment strategies for viral respiratory infection-induced asthma (Weinberger). 2003;142:S34-9
Viruses and asthma: inception, exacerbation, and possible prevention (Lemanske). 2003;142:S3-8
Respiratory tract diseases
A patient with type 2 Gaucher's disease with respiratory disease (Shebani et al). 2003;142:209-10 (CLO)
Respiratory tract infections
Vitamin A supplementation and childhood morbidity from diarrhea and respiratory infections: a meta-analysis (Grotto et al). 2003;142:297-304
Resuscitation
Evaluating resuscitation practices on the basis of evidence: the findings at first glance may seem illogical (Kattwinkel). 2003;142:221-2 (Editorial)
Oxidative stress in asphyxiated term infants resuscitated with 100% oxygen (Vento et al). 2003;142:240-6
Retinal hemorrhage
Nonophthalmologist accuracy in diagnosing retinal hemorrhages in the shaken baby syndrome (Morad et al). 2003;142:431-4 (CLO)
Rett syndrome
Indication for genetic testing: a checklist for Rett syndrome (Huppke et al). 2003;142:332-5
rhGH; *see* Somatotropin
Rickets, vitamin D–resistant
Dental abnormalities in patients with familial hypophosphatemic vitamin D–resistant rickets: prevention by early treatment with 1-hydroxyvitamin D (Chaussain-Miller et al). 2003;142:324-31
Risk factors
Back to sleep: risk factors for SIDS as targets for public health campaigns (Pastore et al). 2003;142:453-4 (Letter)
Cholangitis after hepatic portoenterostomy for biliary atresia: a multivariate analysis of risk factors (van Heurn et al). 2003;142:566-71 (CLO)
Effects of a low-carbohydrate diet on weight loss and cardiovascular risk factors in overweight adolescents (Sondike et al). 2003;142:253-8
Newborn hearing screening: tobramycin and vancomycin are not risk factors for hearing loss (de Hoog et al). 2003;142:41-6
Prevalence and risk factors for sleep-disordered breathing in 8- to 11-year-old children: association with race and prematurity (Rosen et al). 2003;142:383-9
Transient elevation in risk of injury in siblings following injury encounters (Johnston et al). 2003;142:79-83
Who is NOT breast-feeding and why (Moore and Wimbery) (Letter); (Hall) (Reply). 2003;142:737

ROMK; *see* Kidney; Potassium channels
Rotaviruses
Excretion of serotype G1 rotavirus strains by asymptomatic staff: a possible source of nosocomial infection (Barnes et al). 2003;142:722-5 (CLO)
Rural population
Immunization and atopic disease (Havinga) (Letter); (Perzanowski and Platts-Mills) (Reply). 2003;142:450-1

S

Safety
Pediatrics and patient safety (Napper et al). 2003;142:359-60
Safety and efficacy of nonsteroid pimecrolimus cream 1% in the treatment of atopic dermatitis in infants (Ho et al). 2003;142:155-62
Scars; *see* Cicatrix
School children, adolescent; *see* Adolescence
Screening; *see* Mass screening
Seasons
Hypovitaminosis D and vitamin D deficiency in exclusively breast-feeding infants and their mothers in summer: a justification for vitamin D supplementation of breast-feeding infants (Dawodu et al). 2003;142:169-73
Self mutilation
Relation between pain and self-injurious behavior in nonverbal children with severe cognitive impairments (Breau et al). 2003;142:498-503
Sepsis
Time to positive culture results in neonatal *Candida* septicemia (Schelonka and Moser). 2003;142:564-5 (CLO)
Serotyping
Excretion of serotype G1 rotavirus strains by asymptomatic staff: a possible source of nosocomial infection (Barnes et al). 2003;142:722-5 (CLO)
Sex
Differences in resting energy expenditure between male and female children with cystic fibrosis (Allen et al). 2003;142:15-9
Gender, death and cystic fibrosis: is energy expenditure a component? (Stallings). 2003;142:4-6 (Editorial)
Sex hormones
Sex hormones and the changes in adolescent male lipids: longitudinal studies in a biracial cohort (Morrison et al). 2003;142:637-42
Shaken baby syndrome
Nonophthalmologist accuracy in diagnosing retinal hemorrhages in the shaken baby syndrome (Morad et al). 2003;142:431-4 (CLO)
Short children; *see* Growth disorders
Sialorrhea
Pitfalls in the approach of foreign body ingestion: significance of drooling (Galli-Tsinopoulou et al). 2003;142:736 (Insights)
Siblings; *see* Nuclear family
Sickle cell anemia; *see* Anemia, sickle cell
Silver nitrate
Choice of an antibiotic: an interpretive review (Green). 2003;142:408 (50 years ago)
Sleep
Back to sleep: risk factors for SIDS as targets for public health campaigns (Pastore et al). 2003;142:453-4 (Letter)
Interactions between hypoglycemia and sleep architecture in children with type 1 diabetes mellitus (Pillar et al). 2003;142:163-8
Sleep apnea syndromes
Enuresis in children with sleep apnea (Brooks and Topol). 2003;142:515-8
Omigosh, not home sleep studies! (Kemp). 2003;142:364-5 (Editorial)
Prevalence of habitual snoring and sleep-disordered breathing in preschool-aged children in an Italian community (Castronovo et al). 2003;142:377-82
Prevalence and risk factors for sleep-disordered breathing in 8- to 11-year-old children: association with race and prematurity (Rosen et al). 2003;142:383-9
Small for gestational age infant; *see* Infant, small for gestational age
Smallpox vaccination
Vaccinia. Passive immunity in newborn infants (Schleiss). 2003;142:508 (50 years ago)
Snoring
Omigosh, not home sleep studies! (Kemp). 2003;142:364-5 (Editorial)
Prevalence of habitual snoring and sleep-disordered breathing in preschool-aged children in an Italian community (Castronovo et al). 2003;142:377-82
Somatotropin
Adverse events with rhGH treatment of patients with chronic renal insufficiency and end-stage renal disease (Fine et al). 2003;142:539-45
Growth hormone deficiency caused by pituitary stalk interruption in Diamond-Blackfan anemia (Leblanc et al). 2003;142:358 (Letter)
Growth hormone for small-for-gestational-age children: short and sweet? (Silverstein and Shulman). 2003;142:91-2 (Editorial). Correction 2003;142:447
Reduced insulin sensitivity during growth hormone therapy for short children born small for gestational age (Cutfield et al). 2003;142:113-6
Southwest Pediatric Nephrology Study Group
Varicella vaccination in children with nephrotic syndrome: a report of the Southwest Pediatric Nephrology Study Group (Furth et al). 2003;142:145-8
Spinal cord injuries
Initiation of home mechanical ventilation in children with neuromuscular diseases (Sritippayawan et al). 2003;142:481-5
Long-term follow-up of home mechanical ventilation in young children with spinal cord injury and neuromuscular conditions (Gilgoff and Gilgoff). 2003;142:476-80
Sports
Does age play a role in recovery from sports-related concussion? A comparison of high school and collegiate athletes (Field et al). 2003;142:546-53
Staff, health; *see* Health personnel
Stanol
Red cell and plasma plant sterols are related during consumption of plant stanol and sterol ester spreads in children with hypercholesterolemia (Ketomäki et al). 2003;142:524-31
Stem cells
Umbilical cord blood transplantation in Wiskott Aldrich syndrome (Knutsen et al). 2003;142:519-23
Sterols
Red cell and plasma plant sterols are related during consumption of plant stanol and sterol ester spreads in children with hypercholesterolemia (Ketomäki et al). 2003;142:524-31
Streptococcus agalactiae
Intrapartum antibiotics and neonatal invasive infections caused by organisms other than group B *Streptococcus* (Sinha et al). 2003;142:492-7
Stress
Pain, anxiety, distress, and suffering: interrelated, but not interchangeable (Berde and Wolfe). 2003;142:361-3 (Editorial)
Rapid increase of morphine and benzodiazepine usage in the last three days of life in children with cancer is related to neuropathic pain (Dougherty and DeBaun). 2003;142:373-6
Substance abuse
The Maternal Lifestyle Study (MLS): effects of prenatal cocaine and/or opiate exposure on auditory brain response at one month (Lester et al). 2003;142:279-85
Sucking behavior
Functional disorders of the larynx in early infancy (Albers and Kemp). 2003;142:401 (50 years ago)
The maturation and coordination of sucking, swallowing, and respiration in preterm infants (Mizuno and Ueda). 2003;142:36-40

Sudden death; *see* Death, sudden
Sudden infant death
Back to sleep: risk factors for SIDS as targets for public health campaigns (Pastore et al). 2003;142:453-4 (Letter)
Sunburn
Sunburn reduction through parental role modeling and sunscreen vigilance (O'Riordan et al). 2003;142:67-72
Sunscreening agents
Sunburn reduction through parental role modeling and sunscreen vigilance (O'Riordan et al). 2003;142:67-72
Supine position
Back to sleep: risk factors for SIDS as targets for public health campaigns (Pastore et al). 2003;142:453-4 (Letter)
Surfactant, pulmonary; *see* Pulmonary surfactant
Surgery, operative
Acute surgical abdomen as presenting manifestation of Kawasaki disease (Zulian et al). 2003;142:731-5 (CLO)
Surgical restoration of portal flow corrects procoagulant and anticoagulant deficiencies associated with extrahepatic portal vein thrombosis (Mack et al). 2003;142:197-9 (CLO)
Survival
Four recurrent attacks of pneumococcus meningitis with recovery (Long). 2003;142:623 (50 years ago)
Improved survival among young patients with cystic fibrosis (Kulich et al). 2003;142:631-6
Swallowing; *see* Deglutition
Sweetened drinks; *see* Beverages

T

Tattooing
Temporary tattoo dermatitis (Leggiadro et al). 2003;142:586 (Insights)
Teaching
Efficacy of telephone teaching of conservative therapy for infants with symptomatic gastroesophageal reflux referred by pediatricians to pediatric gastroenterologists (Shalaby and Orenstein). 2003;142:57-61
Technology
The potential of DNA microarrays for the care of children (Bates). 2003;142:235-9
Telephone
Efficacy of telephone teaching of conservative therapy for infants with symptomatic gastroesophageal reflux referred by pediatricians to pediatric gastroenterologists (Shalaby and Orenstein). 2003;142:57-61
Tetanus
Tetanus neonatorum: review of twenty-six cases (Stoll). 2003;142:304 (50 years ago)
Thigh
Human insulin-induced lipoatrophy (Felner). 2003;142:448 (Insights)
Thorax
Chest development in early childhood (Waring). 2003;142:683 (50 years ago)
Thrombosis
Surgical restoration of portal flow corrects procoagulant and anticoagulant deficiencies associated with extrahepatic portal vein thrombosis (Mack et al). 2003;142:197-9 (CLO)
Thrombosis and gangrene in a patient with sickle cell disease and dactylitis (Michaels et al). 2003;142:449 (Insights)
Tobramycin
Newborn hearing screening: tobramycin and vancomycin are not risk factors for hearing loss (de Hoog et al). 2003;142:41-6
Toddlers; *see* Child, preschool
Tolerance, drug; *see* Drug tolerance
Tomography
Usefulness of helical CT angiography and MRI in the diagnosis and treatment of pentalogy of Cantrell (Oka et al). 2003;142:84 (Insights)
Tooth, abnormalities
Dental abnormalities in patients with familial hypophosphatemic vitamin D–resistant rickets: prevention by early treatment with 1-hydroxyvitamin D (Chaussain-Miller et al). 2003;142:324-31
Toxicology
Measuring a toddler's mouthful: toxicologic considerations (Ratnapalan et al). 2003;142:729-30 (CLO)
Treatment outcome
Long-term outcome in children with Guillain-Barré syndrome (Vajsar et al). 2003;142:305-9
Trends
Who is breast-feeding? Recent trends from the Pregnancy Risk Assessment and Monitoring System (Ahluwalia et al). 2003;142:486-91
Tumor necrosis factor
A new mutation causing autosomal dominant periodic fever syndrome in a Danish family (Weyhreter et al). 2003;142:191-3 (CLO)
Turner syndrome
Molecular analysis in Turner syndrome (Álvarez-Nava et al). 2003;142:336-40
Turner syndrome with complex mosaic monosomy and structural aorta anomalies (Tissières et al). 2003;142:341 (Insights)
Type 1 diabetes mellitus; *see* Diabetes mellitus, insulin-dependent
Type 2 Gaucher's disease; *see* Gaucher's disease

U

Ultrasonography
More on ear/kidney abnormalities (Kohelet et al) (Letter); (Kugelman and Bader) (Reply). 2003;142:454-6
Umbilical cord
Umbilical cord blood transplantation in Wiskott Aldrich syndrome (Knutsen et al). 2003;142:519-23
Urban population
Association between iron deficiency and blood lead level in a longitudinal analysis of children followed in an urban primary care clinic (Wright et al). 2003;142:9-14
Getting the lead out: can iron help? (McGeehin). 2003;142:3-4 (Editorial)
Immunization and atopic disease (Havinga) (Letter); (Perzanowski and Platts-Mills) (Reply). 2003;142:450-1
Urea
Effect of cardiopulmonary bypass on urea cycle intermediates and nitric oxide levels after congenital heart surgery (Barr et al). 2003;142:26-30
Urinalysis
Hypercalciuria in Beckwith-Wiedemann syndrome (Goldman et al). 2003;142:206-8 (CLO)
Urinary losses of recombinant erythropoietin in preterm infants (Bührer et al). 2003;142:452-3 (Letter)
Urinary tract infections
Congenital deficiency of the abdominal muscles (with associated multiple anomalies) (Weber). 2003;142:30 (50 years ago)

V

Vaccinia
Vaccinia. Passive immunity in newborn infants (Schleiss). 2003;142:508 (50 years ago)
Vancomycin
Newborn hearing screening: tobramycin and vancomycin are not risk factors for hearing loss (de Hoog et al). 2003;142:41-6
Varicella vaccine
Varicella vaccination in children with nephrotic syndrome: a report of the Southwest Pediatric Nephrology Study Group (Furth et al). 2003;142:145-8

Ventilation, mechanical
Initiation of home mechanical ventilation in children with neuromuscular diseases (Sritippayawan et al). 2003;142:481-5
Long-term follow-up of home mechanical ventilation in young children with spinal cord injury and neuromuscular conditions (Gilgoff and Gilgoff). 2003;142:476-80
Viral bronchiolitis; *see* Bronchiolitis, viral
Viruses
Are inhaled corticosteroids effective for acute exacerbations of asthma in children? (Hendeles and Sherman). 2003;142:S26-33
Clinical patterns and natural history of asthma (Weinberger). 2003;142:S15-20
Consensus statement from a conference on treatment of viral respiratory infection-induced asthma in young children (Weinberger). 2003;142:S45-6
Limitations of maintenance therapy for viral respiratory infection-induced asthma (Doull). 2003;142:S21-5
Mechanisms of virus-induced asthma (Gern). 2003;142:S9-14
Proceedings from the Consensus Conference on treatment of viral respiratory infection-induced asthma in young children: introduction (Weinberger). 2003;142:S1
Selecting a systemic corticosteroid for acute asthma in young children (Hendeles). 2003;142:S40-4
Treatment strategies for viral respiratory infection-induced asthma (Weinberger). 2003;142:S34-9
Viruses and asthma: inception, exacerbation, and possible prevention (Lemanske). 2003;142:S3-8
Vision
Visual function in breast-fed term infants weaned to formula with or without long-chain polyunsaturates at 4 to 6 months: a randomized clinical trial (Hoffman et al). 2003;142:669-77
Vitamin A
A comparison of three vitamin A dosing regimens in extremely-low-birth-weight infants (Ambalavanan et al). 2003;142:656-61
Vitamin A supplementation and childhood morbidity from diarrhea and respiratory infections: a meta-analysis (Grotto et al). 2003;142:297-304
Vitamin D deficiency
Hypovitaminosis D and vitamin D deficiency in exclusively breast-feeding infants and their mothers in summer: a justification for vitamin D supplementation of breast-feeding infants (Dawodu et al). 2003;142:169-73
Vitamin D–resistant rickets; *see* Rickets, vitamin D–resistant
VLBW infant; *see* Infant, low birth weight
Vomiting
The use of banthine bromide in infantile pylorospasm. Report of 9 cases with X-ray study (Putnam). 2003;142:689 (50 years ago)
Von Willebrand factor
Severe deficiency of the specific von Willebrand factor-cleaving protease (ADAMTS 13) activity in a subgroup of children with atypical hemolytic uremic syndrome (Veyradier et al). 2003;142:310-7

W

Water
Medical progress: pink disease (infantile acrodynia): a physiological approach (an evaluation of adrenal function and the importance of water and electrolyte metabolism) (Tominack). 2003;142:205 (50 years ago)
Weight; *see* Body weight
Weight gain
Abnormal weight gain and weight management: are carbohydrates the enemy? (Daniels). 2003;142:225-7 (Editorial)
Effects of a low-carbohydrate diet on weight loss and cardiovascular risk factors in overweight adolescents (Sondike et al). 2003;142:253-8
Weight loss
Abnormal weight gain and weight management: are carbohydrates the enemy? (Daniels). 2003;142:225-7 (Editorial)
Effects of a low-carbohydrate diet on weight loss and cardiovascular risk factors in overweight adolescents (Sondike et al). 2003;142:253-8
An 8-year-old boy with recurrent macroscopic hematuria, weight loss, and kidney failure (Kemper et al). 2003;142:342-5 (Grand rounds)
Wiskott Aldrich syndrome
Umbilical cord blood transplantation in Wiskott Aldrich syndrome (Knutsen et al). 2003;142:519-23

X

X chromosome
Biochemical effect of intravenous arginine butyrate in X-linked adrenoleukodystrophy (McGovern et al). 2003;142:709-13
X-ray
The use of banthine bromide in infantile pylorospasm. Report of 9 cases with X-ray study (Putnam). 2003;142:689 (50 years ago)

Y

Y chromosome
Molecular analysis in Turner syndrome (Álvarez-Nava et al). 2003;142:336-40
Young adults; *see* Adolescence

Z

Zidovudine
Pharmacokinetics and tolerance of zidovudine in preterm infants (Capparelli et al). 2003;142:47-52
Zinc
Zinc protoporphyrin/heme as an indicator of iron status in NICU patients (Juul et al). 2003;142:273-8
